The Little Red Book of CANADIAN PSYCHIATRY

And what is an authentic madman? It is a man who preferred to become mad, in the socially accepted sense of the word, rather than forfeit a certain superior idea of human honor.... For a madman is also a man whom society did not want to hear and whom it wanted to prevent from uttering certain intolerable truths.

CAMH is reorganizing our clinical programs and our approach to care. We will build care pathways around the clinical and social needs of patients.

We will make it easier to access services at CAMH, and improve transitions within CAMH and between CAMH and community-based service providers. Patients, families and care providers will know how to find care and services.

Zahn: There was a barrier here—it was forbidding, and people would cross the street rather than walk in front of CAMH. But neighbourhoods that gentrify are often populated by individuals who are avant-garde, like artists and designers, and the creativity that comes with boldness. That population is very open to having conversations with organizations like CAMH.

Further west on Queen St., at the Parkdale Activity-Recreation Centre, a mental health agency, director Victor Willis praises the makeover, saying it "will take down the last vestiges of the asylum – the custodial attitudes and the way we deal with people who are different."

A 24/7 Emergency Department, a 300-seat auditorium, a unique 'therapeutic neighbourhood' for patients, and much more.

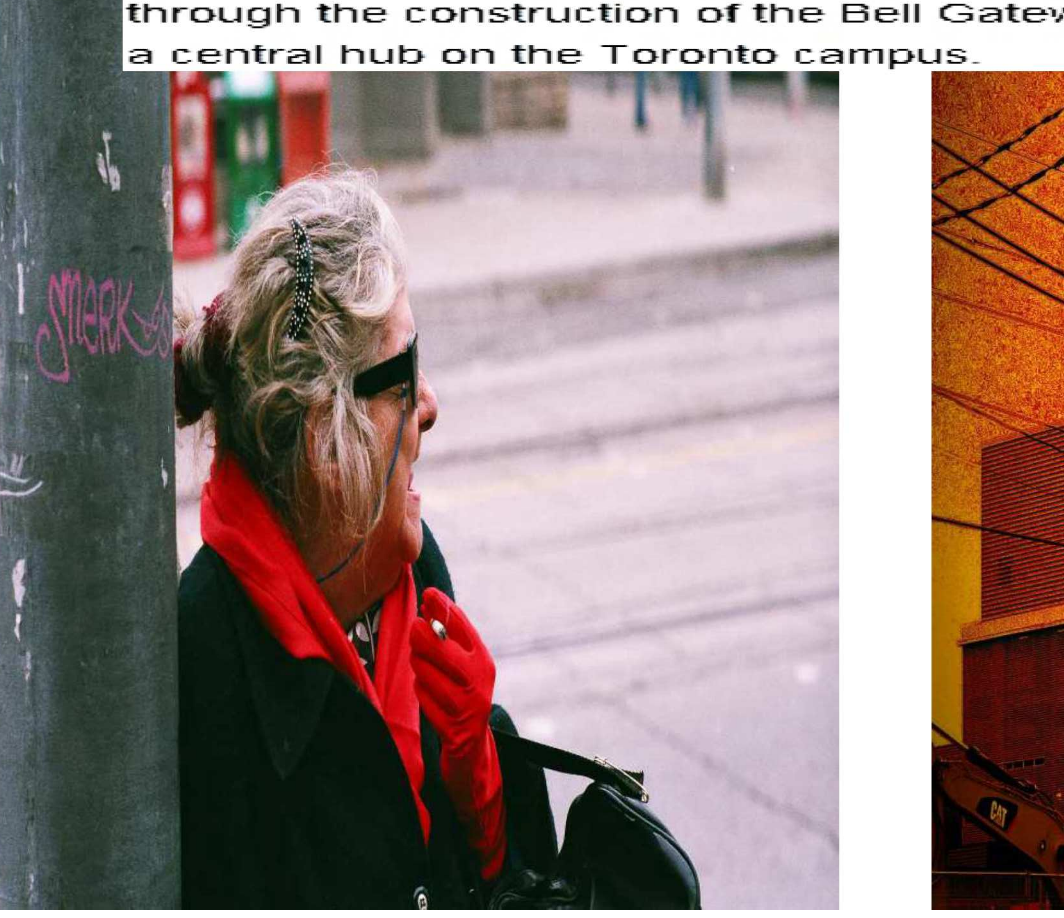

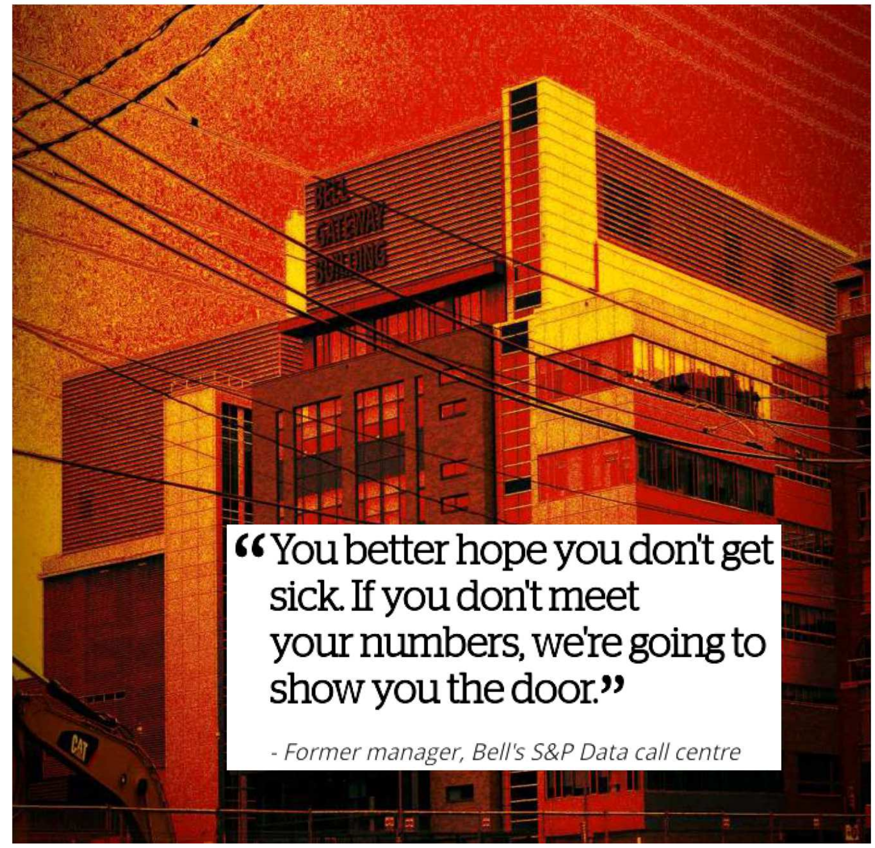

........There are some exceptions, but the experience of CAMH and our partners suggests that we are on the right track – by making an assumption of recovery for our patients, we are able to create supportive environments that transform lives.

"This is a model to fight stigma," says Garfinkel, 61, "to make people feel they don't pay an extra price for this illness."

The landmark funding will also be used to transform CAMH's "front door." through the construction of the Bell Gateway Building. which will serve as a central hub on the Toronto campus.

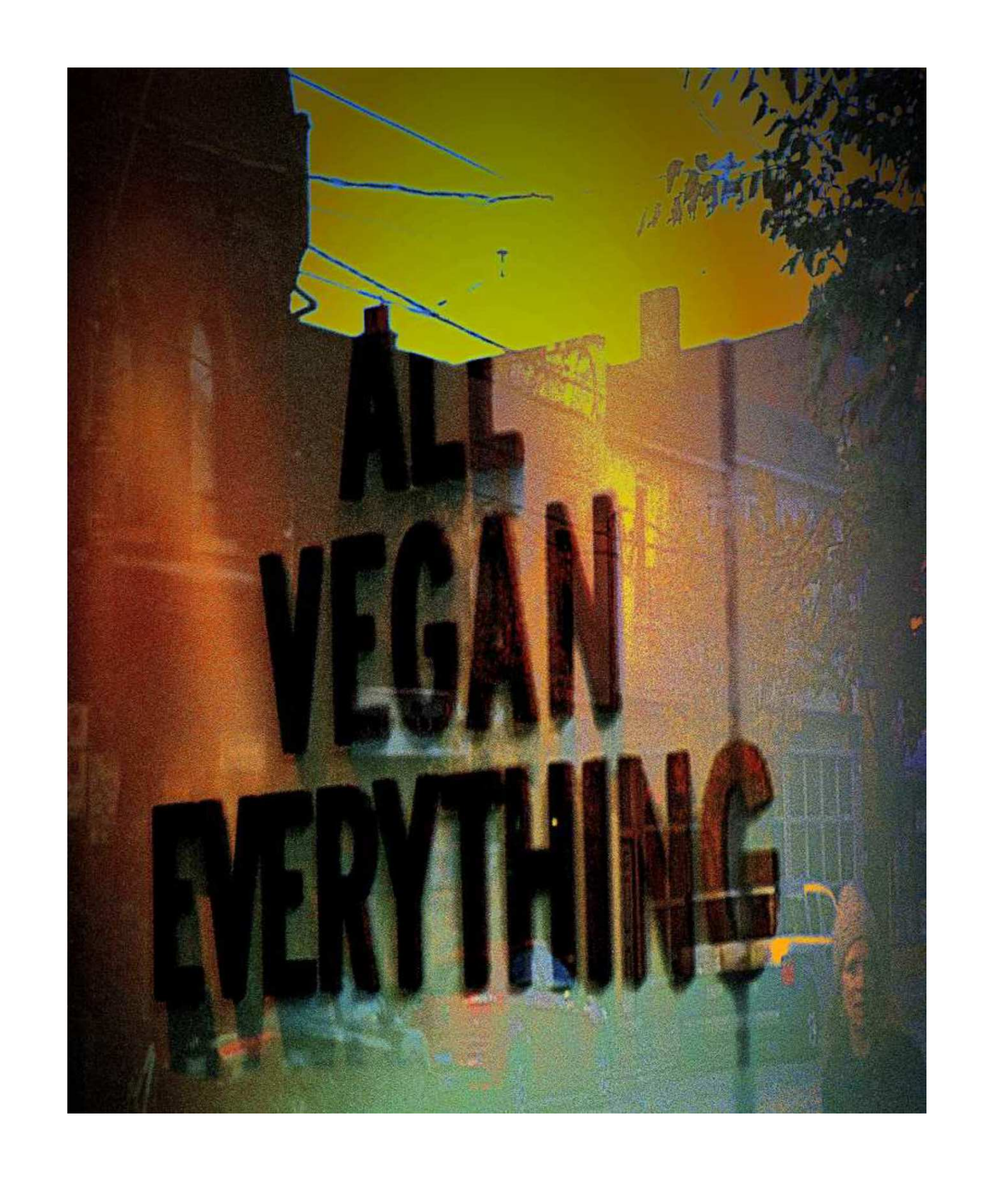

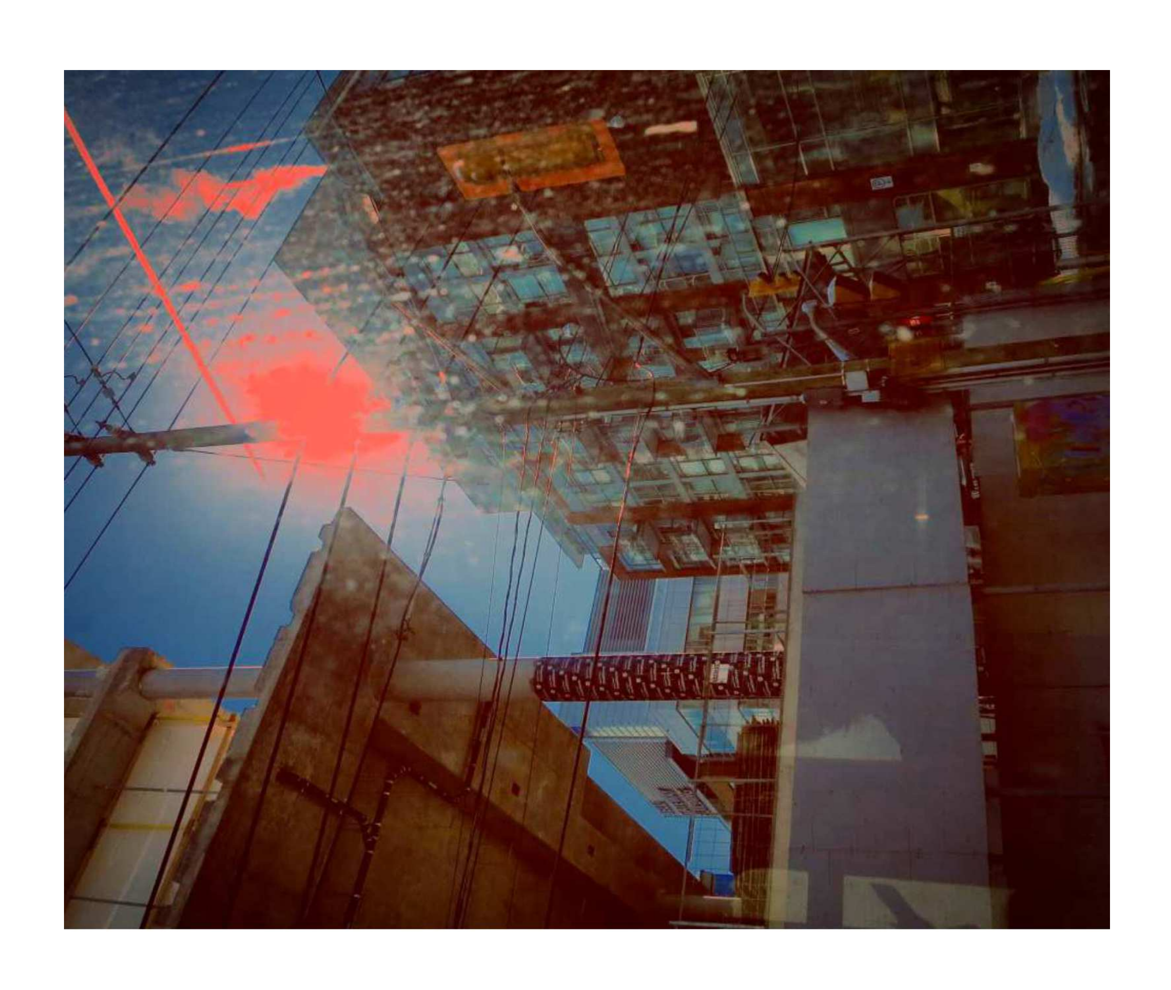

“You better hope you don't get sick. If you don't meet your numbers, we're going to show you the door.”

parkdalephotos #CATASTROPHE Images of the destruction of #Parkdale #Toronto by #vegan #fascists, #condos, #cannabis dispensaries, #airbnb, #PCLS, #ODSP,, etc., and by entities from which we were entitled to have expected better, like and including the Centre for Addiction and Mental Health (#CAMH or rather #SCAMH head and shoulders above the rest for destructive #greed) and the Queen West Parkdale Community Health Centre (bad for the neighborhood, bad for our health). The #streetsoftoronto are worse than ever: #QueenWest #KingWest, #Dufferin, #Roncesvalles, #Bloorwest - #FUBAR What can I write about CAMH (SCAMH) that would do it justice? Its ethos is fascist, because it's run by psychiatrists whose ethics, with some minor adjustment for for the different historucal times, would not be inconsistent with NAZISM. In other words they demonstrably have none, only an empty will to power the copious propaganda for which tells us absolutely NOTHING true about mental health, only how wonderful THEY are - which is a lie. They've never recognized that what they call mental illness is really a way of life, and the implications of this failure are catastrophic and genocidal. Look at my neighborhood, Parkdale. This is one of the few places on earth where mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH (SCAMH!) really developed in a client-centered way rather than into this current concrete cult compound that we have today. This is an eyesore, a disaster, a catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus it's a compound for poster people and cultists and brain scientists who'd make Dr Strangelove look like Albert Schweitzer. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes. - Open spaces everywhere like there's been a bombing. And so there has. If our enemies had done this to us, we'd bomb them back - but it's only CAMH, the PCLS, the PCHC, the #Cityplanners etc etc - so we give them a raise. Ah, #thedrakehotel!

bloordalephotos They use jargon about opening up the space but it's already a very closed looking concrete cult compound. I note the brain stimulation centre (such euphemistic language for money and power driven quackery (like and including rtms and ai, etc) the only real application for which is genocide) AND the commercial retail space - more unsustainable Gravity Pope garbage? For the #condo crowd? Did anybody notice we have a housing crisis and #homelessness is bad for mental health - and Gifts of Light doesnt help? Face it, CAMH #Psychiatry is one big arrogant sell-out and this is their #Babylon. Ours is the #streetsoftoronto #streetphotography. Feeling #unwell, but not so #welltodo? Even if you're #DYING when you think you might give the #Parkdale #QueenWest Community #Healthcentre a TRY - #SKANKY as it looks (their nurses are even SKANKIER, believe me -:I just told mine #YOUREFIRED! - for stabbing my nascent hernia with fat piggy fingers squealong #WHATSTHAT???) - Forgetit! Try a good #MAZDA dealership. It #cantbeworse and you can be sure the #mechanic didn't purloin his #license with #bigtits and #hair - pretty sure - and he's probably showered within the last fortnight, too! PS They're very proud of their needlebox. My nurse used to dress up like DyanneThorne to do needle sweeps in the #streetsoftoronto - what a missed photo shoot for #streetphotography. They're in collusion with what's destroying us - #mentalhealth fascism from #CAMH, the dumbing down of the entire population with bad #drugs both legal and illegal, the dilution of what little real #mediocre we get with #flavorofthemonth #quackery. They work for the #STATE, not you - and #WHATASTATE! #BLOODTHIRSTY #BUTCHERS! PS If their male doctor offers to show you how to use a safe, PLEASE #RUNFORIT CALL THE COPS!

lensold This clinic is interesting as an illustration of the hypocrisy of #CAMH #Psychiatry and the emptiness of its claims to be #transforminglives and a #partoftheneighborhood except the way a wreckingball is. This clinic is a mean nasty #eyesore with cheap Xeroxed posters bossing the clients from the plateglass doors and usually some client shit on the windows too. Horrible to read about it, but think how much worse for locals who have to pass it every day and for clients who have to enter this abattoir. They've even had to fire staff out of here for stealing their clients' pin momey. Welcome to the Future of #88MentalHealth! It's here already. Shame total shame.

Behind her lying Canadian psychiatrists and their corporate friends have constructed #THECOMPOUND #Ossington #QueenWest. #Clientcentered?! Does it look like it? Does it feel like it? #Evidencebased?! Is creaming about #breakthroughs and cures for depression when all you're doing is playing with magnets (#rtms!) #SCIENTIFIC? This is #garbage! We've been betrayed!
PS I see they finally removed some if the nasty Xeroxed signs and the ridiculous #freshair poster (considering there's usually a client smoking in the doorway - more power to him) - is this what they mean by #TRANSFORMINGLIVES?!

While cafés, art galleries and small, independent stores are welcome, a residents' group fears that the development will include fast-food joints and a 38,000-square-foot grocery store on Queen west of Ossington.

SCAMH has been led down the WRONG track by CEO Zahn. She has "transformed" herself into an overpaid Cheerleader for brain disease, and SCAMH employees into placard bearing groupies. There is now, partly because of this, a radical disconnect between SCAMH "pr" and the reality of so-called "community mental health" – aptly illuminated by the ruinous state of Archway Clinic here in Parkdale, where most of the workers, who should be facilitating community mental health, are placed on seven-month contracts (so prevented from developing meaningful relationships with their clients), and forced to spend more and more time merely inputting information into an inefficient system for billing purposes. Meanwhile clients whom full-time staff have known for many years are referred away, as services are dumbed down and devoted instead to what the corporation euphemistically calls intensives, evidently not considering that the clients they fluff off are thereby more apt to become intensive themselves.... The reality of community mental health at SCAMH is increasingly a COMMUNITY TREATMENT OF ORDER....

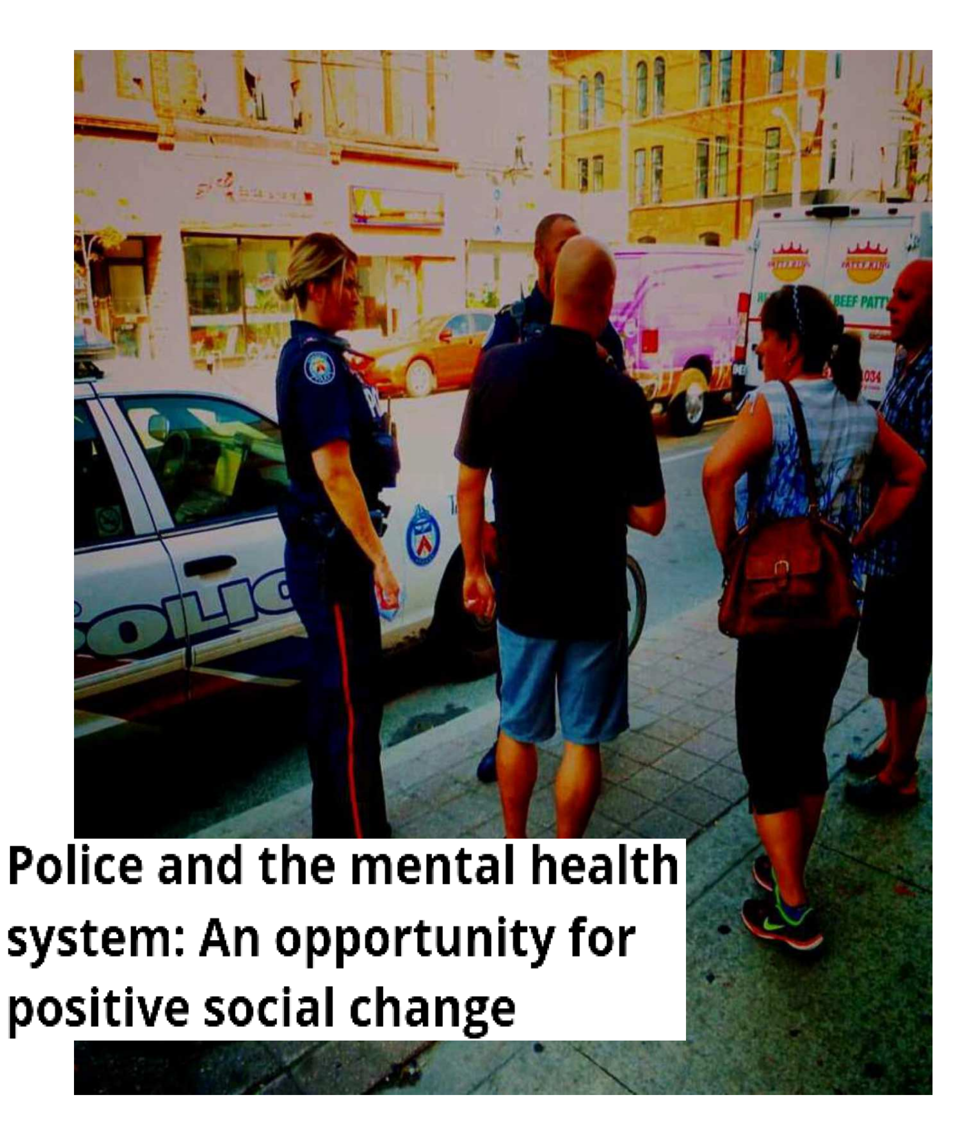

Thanks, Catherine Zahn....

Now we know that the Order of Canada is bestowed not for what you do but for what you disguise.....

The #streetsoftoronto are worse than ever: #QueenWest #KingWest, #Dufferin, #Roncesvalles, #Bloorwest - #FUBAR! #Postnobills? #Whynot? Because #CAMHFoundation CEO Darrell Louise Gregersem sees it as #advertising #space.

parkdalephotos #Parkdale #Housing #Crisis #Demonstration #Posters at #Night #Brock #QueenWest #Parkdale #Toronto #streetsoftoronto #streetphotography While many demonize #DougFord (who is #bad enough) the REAL culprit in Parkdale is #CAMH and its CEO Catherine Zahn who created a verbal #smokescreen of warmfuzxy obfuscation behind which CAMH #Psychiatry constructed #THECOMPOUND of #MentalHealth #Fascism which paved the way for uncontrolled development. Hypocritically Zahn gave speeches before moneyed interests calling for housing for #mentallyill people while creating a so-called #campus - forbidding to all but a minority -:the ethos of which is more compatible with the over-priced #hpster joints and galleries and #condos tgat now comprise the #nazi #ghetto -;a neighnorhood that Zahn and Garfinkel can finajly feel apart of.

parkdalephotos #Parkdale is doomed. The #fixisin and has been in ever since #CAMH / #CAMHFOUNDATION redeveloped as #THECOMPOUND - an elitist-styled #clinic #cult #compound of #fascist brain #disease #psychiatry and CAMH CEO Catherine Zahn led the #fuckover behind a verbal smokescreen of #platitudes about #TRANSFORMINGLIVES and CHANGING THE FACE OF #MENTALHEALTH - while surrounding her so-called #campus with #condos and #THEDRAKEHOTEL etc.... You can blame #DougFord but he wasn't even around. Catherine Zahn certainly was. Ten years later behold her monument(s): #Vegandale, #Mythology, #THEDRAKEHOTEL, #SudburyStreet Condo Armageddon, Luxury Apartments and nowhere for locals to live - #homelessness in the #streetsoftoronto (and #streetphotography) - and of course her glorious #THECOMPOUND at one end of #QueenWest and #Archway #Downtown #West at the other - the latter the REAL face of mentalillness - as nasty as ever. BRAVA CATHERINE! #CATHERINEZAHNDONTLIKEIT?! Tough tits! (Gord Perks - another traitor but the list keeps growing!)

What is the the Centre for Addiction and Mental Health' s so-called science but Nazi Science - money and power-driven quackery pimped by #strenththroughjoy propaganda the only real effect of which is genocide now or later? Nothing, nothing else. But one mustn't say so! That would be rude and against community guidelines. So what's the community then? Auschwitz? They loved animals and were very antismoking! Any scrap of morality to hide evil! You bet! Go look at cat photos!

Because today the #Parkdale Branch of the #torontopubliclibrary told me in the person of #Miranda that they couldn't even accept #SCAMH: ShoppingCentres and ModelHomes - because - #CAMH CEO Catherine Zahn "might not LIKEIT" ?!?!?! - Of course she won't like it, since the tenor of the book is she's #FULLOFSHIT! So now we have to care if #catherinezahndontlikeit?! What's even going to do to us, anyway? Fry our brains in her latest catalytic innovator? How #gutless can one be? As #Miranda! In other words they demonstrably have none, only an empty will to power the copious propaganda for which tells us absolutely NOTHING true about mental health, only how wonderful THEY are - which is a lie. They've never recognized that what they call mental illness is really a way of life, and the implications of this failure are catastrophic and genocidal. Look at my neighborhood, Parkdale. This is one of the few places on earth where mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH / really SCAMH really developed in a client-centered way rather than into this current concrete cult compound that we have today. She gave the worst most #stigmatizing #Tedtalk ever at which she uttered the greatest #inanity, i.e. that "we are all #mentallyill" - which was touted by her handlers on #socialmedia as the greatest statement ever made on the subject. They even invented an organization - thesis-called #IABC - just to give her a prize for this meaningless #nonsense in which all the cows are black. She might as well have said we're all Catherine Zahn - and they would have applauded even louder, because this is what we've paid then millions for. Imagine what good could have been done for #homelessness in the #streetsoftoronto with the money wasted on making Catherine Zahn #communicatoroftheyear i.e. a windup talkingdoll. It's enough to make one #mentallyill. It could drive one to #STREETPHOTOGRAPHY QueenWest #Parkdale #Toronto.

parkdalephotos Today I thought I'd take a look at the #QueenWest New #Berchtesgaden cum #Obersalzberg #CAMH CEO Catherine Zahn #boasts #THECOMPOUND of #NAZI #BrainDisease is finally a part of (or is that viceversa?). #Partoftheneighborhood?! #ALLofit as little #jimmyscott sings. Some #richbitch with frosted hair ran me over on her way to #GravityPope. When I asked her what she had against #streetphotography she spun around on her #wellheeled #fluevogs and called me #rude. I said that wasn't an answer and a lot she knew about #manners in the #streetsoftoronto #fuckingbitch from #CAMHFOUNDATION or the #UniversityofToronto or both probably. Looked a lot like #KathleenWynne.... All the #losers turn up here.... QueenWest #Ossington #Parkdale #Toronto PS As for the neighborhood - now they've ruined it CAMH can have it! PPS Regarding Zahn's BS, this garbage is all about money greed pretention and fakery - it's a lie in other words - which has everything to do with CAMH #Psychiatry - and nothing to do with #MentalHealth really - it isn't crazy! - It's just plain sick and stupid! At least I don't have to paint it.... #Trash!

And it's Nazi in the bullying militancy with which it's expelled the local populace though not mainly with guns (though they have their own police) but with greed and money and laws that favor greed and money and with intolerance.

lensold #RIP #QueenWest #Parkdale #Toronto. From #Ossington to #Roncesvalles in the #streetsoftoronto it's one big #Crimescene #Investigation for #streetsphotography. And the #CRIME? It's #GENOCIDE! And the #CRIMINAL? It's b#CAMH #Psychiatry. This is one of the few places on earth where #mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH / #SCAMH really developed in a client-centered way rather than into this current concrete #cult compound that we have today. This is an eyesore, a disaster, a #catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus up #QueenWest at #Ossington it's a compound for poster people and cultists and brain scientists like and including Dr #Ratbrain Sean Hill who'd like not so much to help us as replace us with #artificialintelligence and who'd make Dr Strangelove look like Albert Schweitzer. Of course this is no mean #betrayal by those who freely exploit terms like #endstigma and remove #stigma mainly to remove US - from their #effing so-called #campus. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes. (A #COMPOUND within a COMPOUND!)

lensold Our #Cosima #Zigzag Idyll Rejected Piece Offering No. 2 BIG RECOGNITION SCENE - A funny thing happened on her way to the #Festspielhais (#Condos)one morning. #SHIT happened (as the saying goes). She really got her #fluevogs dirty. Upon closer inspection it wasnt #human It-It- It was - music swelling like the recognition scene in #Elektra by that #upstart #Strauss no not the #waltzking he never wrote a good one - it looked like - she'd really stepped in it this time not the face of God but God spelled backwards starting with F no not FOG #goddammit - FRANK! FRÀNK! FRANK! screaming hysterically till the #help arriving shot her with morphine FRANK she called it because even if it wasn't exactly living it felt like HE was inside her. (Something kept her GOING.) #THECOMPOUND (whuch they - those #goons - fondly call the #CAMPUS - #QueenWest #Ossington. Poor #Maven was singularly fortunate since doing #streetphotography I find the #excrement is often #human. Not totally surprising in an environment where humans are treated like excrement. PS The excrement used in this video - as distinct from the video itself, if that be possible - really is human. In fact it was on the windows of CAMH's #Archway #Climic (now generically designated Downtown West for many months. After much complaining they finally washed it off, but the clinic is still a dusgusting hole where the staff really have been known to smoke their clients' pin money. Truly about as low as human behavior gets - short of genocide. Ah! They're working on THAT up the street at #Ossington. They call it #artificialintelligence - Dr Rat Brain Sean Hill is building an artuficial #schizophrenic brain. Good luck. There are plenty of "real" ones ihere, in whuch they obviously aren't interested. The #musicoftgefuture? Seigfried"s Funeral March mixed with a little #Mozart for Dr Rat Brain. Just like the old times!

Dear Members of OHTAC,
I support your recommendation that rTMS be publically funded for patients with treatment-resistant depression in designated Centres of Excellence. Major depression is one of the leading causes of disability worldwide and new treatments for depression are desperately needed to restore health and combat this often disabling condition. rTMS has the potential to significantly improve the lives of the 30-50% of Ontarians with depression who do not respond to medications and/or psychotherapy.
I am concerned, however, with your recommendation to restrict rTMS to patients only when ECT has failed or is contraindicated. There is robust evidence to suggest that withholding rTMS until after ECT is counterproductive clinically, reducing the likelihood of a successful outcome. rTMS is also not as effective in patients who do not respond to ECT.
ECT is a far more invasive treatment than rTMS. While there have been advances to mitigate complications and side effects of ECT, patients can still experience significant side effects in short-term memory and attention. Understandably, this can limit the widespread use of ECT.
I would ask the committee to modify their recommendation that patients must first demonstrate ECT failure before being provided the option of rTMS. rTMS should be available to patients with treatment-resistant depression when ECT is contraindicated or when the patient refuses to provide consent to ECT delivery.
Sincerely,
Hi there! I'm Zappy Jeff Daskalakis. Don't know anything about science? Neither do I! Why do you think I work for $CAMH?! Scientific skepticism would just get in the way of CAMH Foundation Fundraisers like ONE BRAVE NIGHT, and make it difficult to write SCIENTIFICALLY WORTHLESS letters like this one, pimping gadgets without any proof. ETABLISSEMENT NON FUMEUR

The outpatient treatment room she showed me, in the same unit, was perhaps the bleakest physical space I have ever entered. The windowless walls were decorated with tattered bristol-board posters documenting field trips long forgotten, the panel ceilings were low, the fluorescent lighting relentless. The sense of captivity, and the low-level hum of accumulated despair, was heartbreaking.

scamaltch_modelsuite This always intrigued me as an inadvertent satire on #Academics #YorkUniversity and #MadPride #Activism. Herr Doktor Reaume teaches a course called #Mad People's #History but doesn't want to be called MAD himself. What should we call him, in the #streetsoftoronto? How would he look to us, doing #streetphotography, considering he calls #psychiatrists #schemers and #plotters (which they are) but not to their face, or how could he appear on #TVO with them?! #Conflicted? #Effedup? Not mad at all really, he might be relieved to know, just very #benighted.

But they're cousins,
Identical cousins all the way.
One pair of matching bookends,
Different as night and day.
Where Cathy adores a minuet,
The Ballets Russes, and crepe suzette,
Our Patty loves to rock and roll,
A hot dog makes her lose control -
What a wild duet!
Still, they're cousins,
Identical cousins and you'll find,
They laugh alike, they walk alike,
At times they even talk alike
Now you even know their names!

Why So Many White Supremacists Are into Veganism
From Hitler to present-day national socialists with YouTube cooking channels, the far right's anti-meat ideology runs surprisingly deep.

Since I told you I'm a veg this is just getting vile. You have a million places to buy your factory farmed ducking hell, what exactly is the problem?
What next, "Hitler didn't eat meat!" ?
You're a fool and a waste of time and a total narcissistic poser. Sorry I ever sought your attention. Getting it has been a disa
disappointment. Go to he'l
Go to HELL.
And you are nothing but a vessel of wrath. How my defending my (political/personal) beliefs led to this churlish, frankly childish filth is astonishing. But it's sort of funny, so you're excused.
"Myself am Hell,"
Says you.
You have no politics, hypocrite. Just an empty will to power bred of self-love and conceit. Get a dog, bitch. Frank lives!
So I'm turning this over to my cop boyfriend, thanks for giving me close enough directions to where you live!

The #streetsoftoronto are worse than ever: #QueenWest #KingWest, #Dufferin, #Roncesvalles, #Bloorwest - #FUBAR What can I write about CAMH (SCAMH) that would do it justice? Its ethos is fascist, because it's run by psychiatrists whose ethics, with some minor adjustment for for the different historucal times, would not be inconsistent with NAZISM. In other words they demonstrably have none, only an empty will to power the copious propaganda for which tells us absolutely NOTHING true about mental health, only how wonderful THEY are - which is a lie. They've never recognized that what they call mental illness is really a way of life, and the implications of this failure are catastrophic and genocidal. Look at my neighborhood, Parkdale. This is one of the few places on earth where mad people have a positive political and cultural identity. Where we matter - as mad people. The motive for #veganism is other than non-violence, it's self justification and superiority - totally spurious of course because based on fond conceits. The #Ontario #ombudsman deserves a #stationofthecross but I ran out of room and it's another hood. So he gets a dishonourable mention. They promised all future leaks would be in #pdf. I bet they think that's funny. Wouldnt you love to see their nightclub act? Spare me the strippers. And the clown floorshow.
wristwatch_man5 Very good photo because of the composition. I think just need some lighting in this photo then great!

lensold This clinic is interesting as an illustration of the hypocrisy of #CAMH #Psychiatry and the emptiness of its claims to be #transforminglives and a #partoftheneighborhood except the way a wreckingball is. This clinic is a mean nasty #eyesore with cheap Xeroxed posters bossing the clients from the plateglass doors and usually some client shit on the windows too. Horrible to read about it, but think how much worse for locals who have to pass it every day and for clients who have to enter this abattoir. They've even had to fire staff out of here for stealing their clients' pin momey. Welcome to the Future of #88MentalHealth! It's here already. Shame total shame.
The #unchanged #face of #MentalHealth #MentalIllness #QueenWest #CAMH #Archway #Clinic #Downtown #West #Lansdowne #Jameson #Parkdale #Toronto #streetsoftoronto #streetphotography When CAMH CEO Catherine Zahn brags about seismic breakthroughs every time she scores another hundred million and changing the face of mental illness etc she is merely shamelessly and outrageously lying. Behind her lying Canadian psychiatrists and their corporate friends have constructed #THECOMPOUND #Ossington #QueenWest. #Clientcentered?! Does it look like it? Does it feel like it? #Evidencebased?! Is creaming about #breakthroughs and cures for depression when all you're doing is playing with magnets (#rtms!) #SCIENTIFIC? This is #garbage! We've been betrayed!
PS I see they finally removed some if the nasty Xeroxed signs and the ridiculous #freshair poster (considering there's usually a client smoking in the doorway - more power to him) - is this what they mean by #TRANSFORMINGLIVES?!

But they're cousins,
Identical cousins all the way.
One pair of matching bookends,
Different as night and day.
Where Cathy adores a minuet,
The Ballets Russes, and crepe suzette,
Our Patty loves to rock and roll,
A hot dog makes her lose control -
What a wild duet!
Still, they're cousins,
Identical cousins and you'll find,
They laugh alike, they walk alike,
At times they even talk alike
Now you even know their names!

hatsonforawareness GET TO KNOW @camhfoundation
Hats On has fulfilled its $270,000 pledge to the Centre for Addiction and Mental Health (CAMH) which has been put toward a dedicated volunteer lounge and a patient room. In 2014, a client room honouring Giovanni Tiberi and the Hats On For Awareness Volunteer Lounge were unveiled. Hats On has also donated $20,000 to CAMH's Gifts of Light campaign, which helps people in crisis on their journey to recovery. In 2017, Hats On became a key program contributor supporting CAMH's Suits Me Fine Program, which helps to restore hope and dignity for clients by providing everyday clothing, as well as clothes for important occasions such as job interview and special events, free of charge. CAMH is an intrinsic part of our vision of mental wellness for all. #talkhatson #camh

"Our new buildings will be so much more than walls, floors and ceilings. They will be respectful and dignified places that promote healing and recovery. They will be a powerful symbol of CAMH's move away from institutionalization and towards integration within our community. And they will serve our academic mission to advance mental health research, nationally and globally," said CAMH President and CEO Dr. Catherine Zahn.

Warning! The holdings of the #Parkdale Branch of the #Torontopubliclibrary INCLUDE many CONTROVERSIAL BOOKS, but NOT if CATHERINEZAHNDONTLIKEIT. Needless to say, #CAMH CEO CATHERINE ZAHN #FACE #MENTALHEALTH #FASCISM etc., did NOT like #SCAMH: SHOPPING CENTRES AND MODEL HOMES one teenyweeny bit for its unflattering depiction of her as the bullshitting mouthpiece of #MentalHealth #Fascism. However, whether they moved her to action or moved her to tears, the following books left her changed forever. These classics left a permanent mark on Dr. Catherine Zahn who says they're as relevant today as when they first appeared: #Candy, #Fearofflying, and #Wifey. Good as ever in the #streetsoftoronto for #streetphotography. PS I offered these expensive self-published books free to the librarian "Miranda" for inclusion in the local history section of Parkdale branch. When after several weeks they did not appear there, I enquired and "Miranda" returned the books to me bookmarked where there appeared to be something that Catherine Zahn might not like - or where some joke looked politically incorrect to somebody. The global reason for returning the books was "Catherine Zahn might not like them." I find this censorship disgusting and unprincipled especially given "Miranda's" predatory remark : "The library DOES hold CONTROVERSIAL BOOKS in its collections. But evidently NOT if Catherine Zahn MIGHT not like them. Pathetic, disgusting, and stupid!

Often, the answer is: "Yes. Regularly."

For teens, who are even slightly vulnerable, heavy use of marijuana puts them at risk. That's why Mizrahi urges them to stop smoking pot.

Dear Members of OHTAC,
I support your recommendation that rTMS be publically funded for patients with treatment-resistant depression in designated Centres of Excellence. Major depression is one of the leading causes of disability worldwide and new treatments for depression are desperately needed to restore health and combat this often disabling condition. rTMS has the potential to significantly improve the lives of the 30-50% of Ontarians with depression who do not respond to medications and/or psychotherapy.
I am concerned, however, with your recommendation to restrict rTMS to patients only when ECT has failed or is contraindicated. There is robust evidence to suggest that withholding rTMS until after ECT is counterproductive clinically, reducing the likelihood of a successful outcome. rTMS is also not as effective in patients who do not respond to ECT.
ECT is a far more invasive treatment than rTMS. While there have been advances to mitigate complications and side effects of ECT, patients can still experience significant side effects in short-term memory and attention. Understandably, this can limit the widespread use of ECT.
I would ask the committee to modify their recommendation that patients must first demonstrate ECT failure before being provided the option of rTMS. rTMS should be available to patients with treatment-resistant depression when ECT is contraindicated or when the patient refuses to provide consent to ECT delivery.
Sincerely,
Hi there! I'm Zappy Jeff Daskalakis. Don't know anything about science? Neither do I! Why do you think I work for $CAMH?! The donation "changes the landscape" of mental health and addiction research at CAMH, said president and CEO Dr. Catherine Zahn.

The #streetsoftoronto are worse than ever: #QueenWest #KingWest, #Dufferin, #Roncesvalles, #Bloorwest - #FUBAR What can I write about CAMH (SCAMH) that would do it justice? Its ethos is fascist, because it's run by psychiatrists whose ethics, with some minor adjustment for for the different historucal times, would not be inconsistent with NAZISM. In other words they demonstrably have none, only an empty will to power the copious propaganda for which tells us absolutely NOTHING true about mental health, only how wonderful THEY are - which is a lie. They've never recognized that what they call mental illness is really a way of life, and the implications of this failure are catastrophic and genocidal. Look at my neighborhood, Parkdale. This is one of the few places on earth where mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH / really SCAMH really developed in a client-centered way rather than into this current concrete cult compound that we have today. This is an eyesore, a disaster, a catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus it's a compound for poster people and cultists and brain scientists who'd make Dr Strangelove look like Albert Schweitzer. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes. - Open spaces everywhere like there's been a bombing. And so there has. If our enemies had done this to us, we'd bomb them back - but it's only the #Cityplanners - so we give them a raise.

NOVEMBER 10, 2018

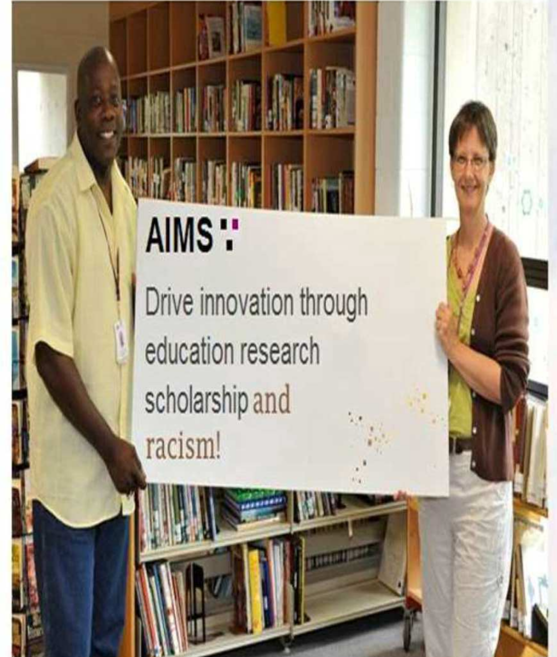

Like Dr Goebbels said: Keep telling THE BIG LIE till they think the scam you're pulling to make way for the HOLOCAUST really is GOD'S WORK (which isn't just a lie, it's also - a BLASPHEMY!)

A CAMH Education Strategy will guarantee that we all learn and teach. We will foster excellence and innovation in teaching, workforce education and interprofessional collaboration, while advancing research and scholarship in mental health education.

Enriching the CAMH student experience will draw learners from every field as we break new ground in interprofessional education, mental health promotion for children and youth, and patient and family education.

"Let's face it, how good does that feel to have some nice citrus shampoo from time to time?" says Zahn. "It's a wonderful luxury that we all enjoy. One of the things I was told when we were building our facilities is that one of the architects asked somebody, 'What do people with mental illness like?' And the answer was, 'The same things you like – what are you talking about? These are human beings who like the same comforts and luxuries as you do.' They're functioning on a level where they're trying to get by; what can we do to make life better [for them]?"

"YOU JUST NEED A CHANGE OF TOILETRY."

Meanwhile, Geoffrey Reaume takes heart from young people like Jeremiah Bach and the Mad Students Society.

"I wish they'd been there when I was going to school," he says. "It might have made things a lot easier."

lensold Warning! The holdings of the #Parkdale Branch of the #Torontopubliclibrary INCLUDE many CONTROVERSIAL BOOKS, but NOT if CATHERINEZAHNDONTLIKEIT. Needless to say, #CAMH CEO CATHERINE ZAHN #FACE #MENTALHEALTH #FASCISM etc., did NOT like #SCAMH: SHOPPING CENTRES AND MODEL HOMES one teenyweeny bit for its unflattering depiction of her as the bullshitting mouthpiece of #MentalHealth #Fascism. However, whether they moved her to action or moved her to tears, the following books left her changed forever. These classics left a permanent mark on Dr. Catherine Zahn who says they're as relevant today as when they first appeared: #Candy, #Fearofflying, and #Wifey. Good as ever in the #streetsoftoronto for #streetphotography. PS I offered these expensive self-published books free to the librarian "Miranda" for inclusion in the local history section of Parkdale branch. When after several weeks they did not appear there, I enquired and "Miranda" returned the books to me bookmarked where there appeared to be something that Catherine Zahn might not like - or where some joke looked politically incorrect to somebody. The global reason for returning the books was "Catherine Zahn might not like them." I find this censorship disgusting and unprincipled especially given "Miranda's" predatory remark : "The library DOES hold CONTROVERSIAL BOOKS in its collections. But evidently NOT if Catherine Zahn MIGHT not like them. Pathetic, disgusting, and stupid!

NO. 68: "Seismic Breakthrough"

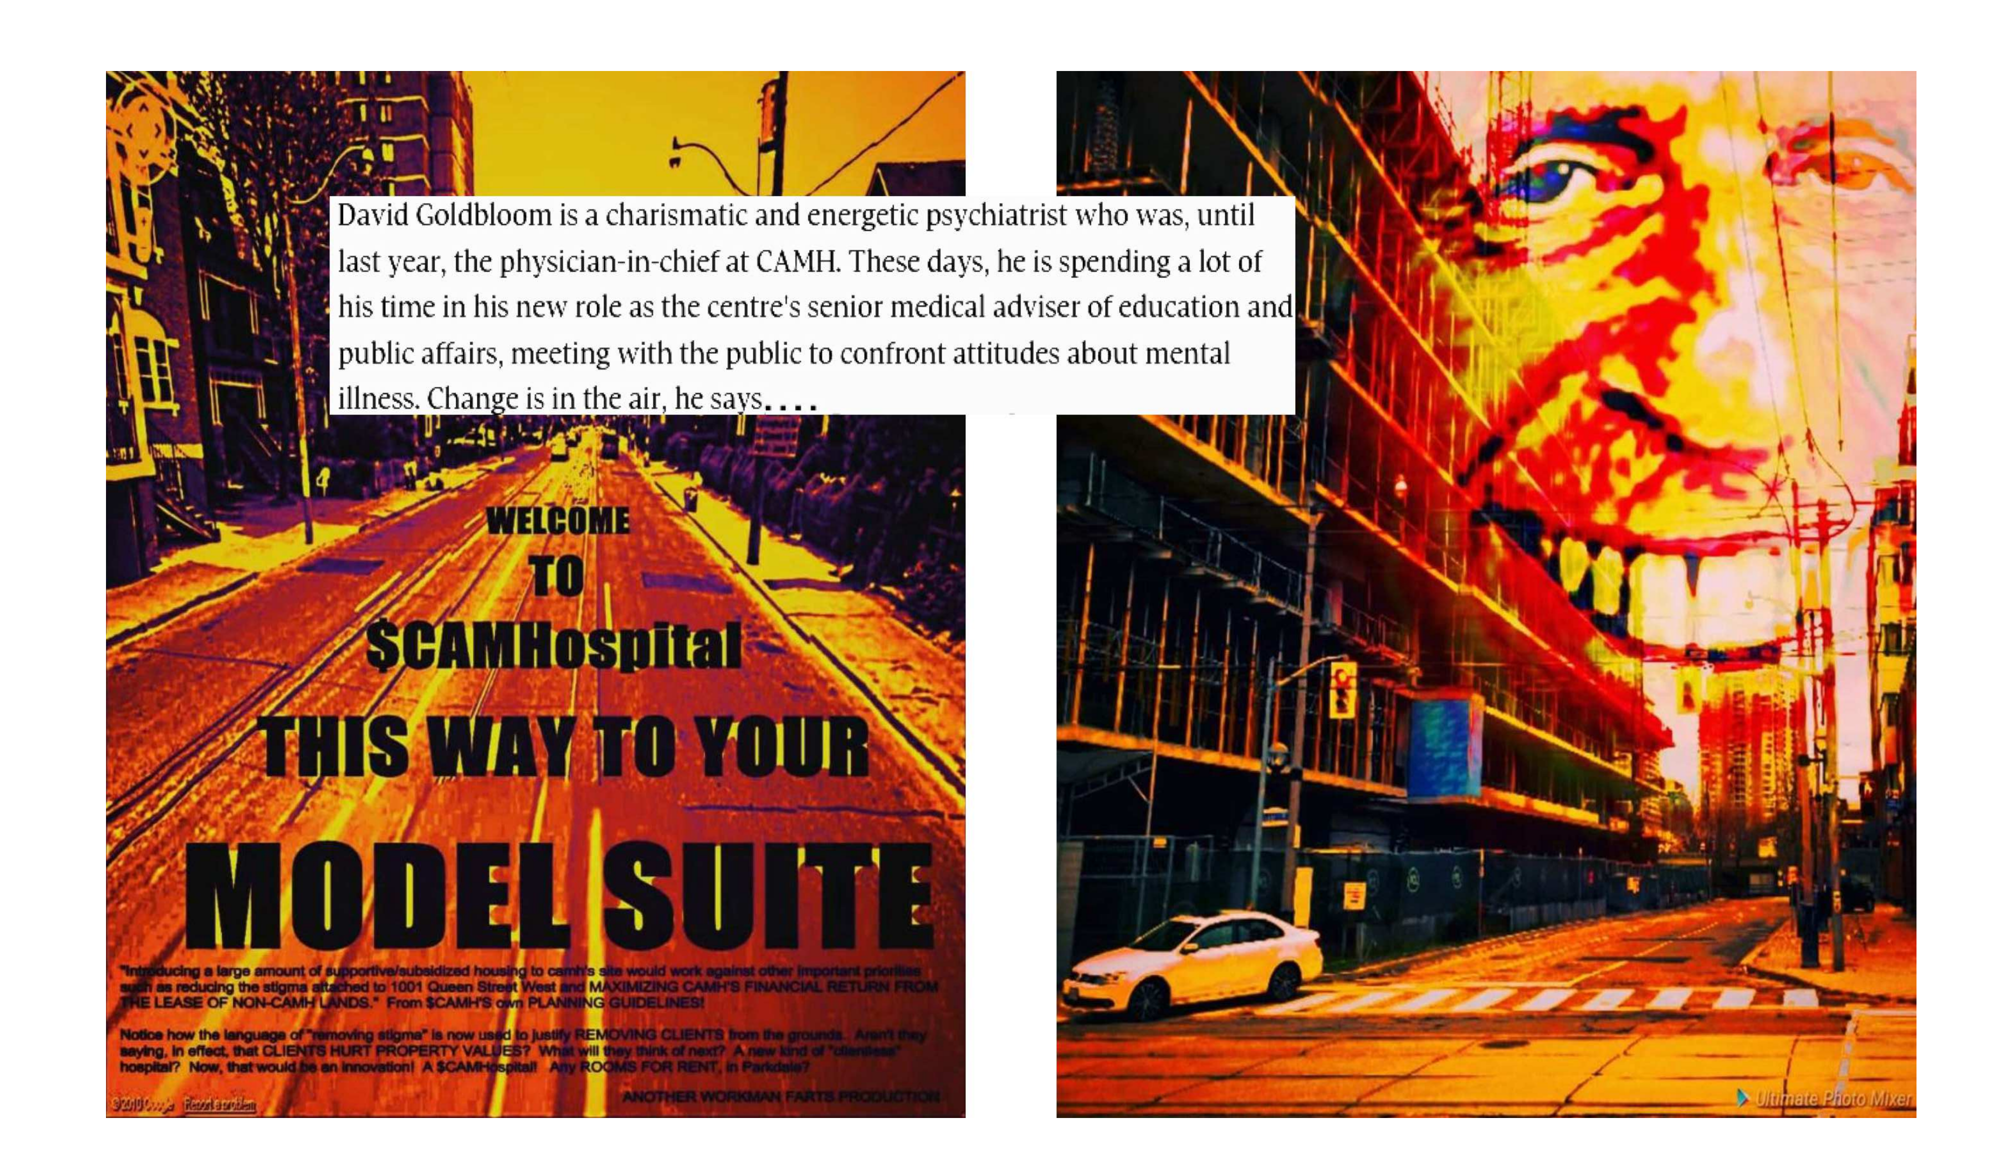

CAMH President and CEO, Dr. Catherine Zahn, agreed. She said "This is a historic moment for all Canadians. Together with our donors, we have created a seismic breakthrough and raised unprecedented funds for research and support mechanisms to address the staggering impact of mental illness. The extraordinary success of this campaign sends a bold statement of hope to all Canadians who are living with mental illness."

David Goldbloom is a charismatic and energetic psychiatrist who was, until last year, the physician-in-chief at CAMH. These days, he is spending a lot of his time in his new role as the centre's senior medical adviser of education and public affairs, meeting with the public to confront attitudes about mental illness. Change is in the air, he says. . . .

"Introducing a large amount of supportive/subsidized housing to camh's site would work against other important priorities such as reducing the stigma attached to 1001 Queen Street West and MAXIMIZING CAMH'S FINANCIAL RETURN FROM THE LEASE OF NON-CAMH LANDS." From $CAMH'S own PLANNING GUIDELINES!
Notice how the language of "removing stigma" is now used to justify REMOVING CLIENTS from the grounds. Aren't they saying, in effect, that CLIENTS HURT PROPERTY VALUES? What will they think of next? A new kind of "clientless" hospital? Now, that would be an innovation! A $CAMHospital! Any ROOMS FOR RENT, in Parkdale?

Is something like schizophrenia visible on a brain scan?
Right now we are able to detect risk factors for addiction and depression, and eventually we will be able to do the same for conditions like schizophrenia and bipolar disorder. I was a resident when the first CAT scan became available, so it's pretty crazy to have lived through such a period of progress. It would be sort of like coming of age during the invention of the car.

Many of these images address CAMH (pronounced camaitch), the Centre for Addiction and Mental Health on Queen West, whose "transformation" from Mental Hospital (serving a lot of the urban poor) to psychiatric cult compound facilitated the transformation of the rest of the neighborhood - including Parkdale - from a place where mad and marginal people felt at home, into a far-from-home wasteland of overpriced condos, glorified head shops and vegan eateries. This two volume work documents some of this transformation (destruction!); it is an angry souvenir.

Ah, that's too bad. I'm sorry to hear that. I know you're very aware of Parkdale and what's going on here. I know you also document it yourself, so you should find this interesting at least. I'm giving copies to people I think will. You're high in that list. If there was somewhere I could drop it off for you to pick up, hopefully in Parkdale, I'd do that too. Whatever you like. If you prefer to convalesce a while, that's fine too. Let me know! Get better!

I'm really sorry to hear that. I've a cat that I've had for nearly 20 years. He's outlived many important people in our lives. He was named by my colleague in that Hellb

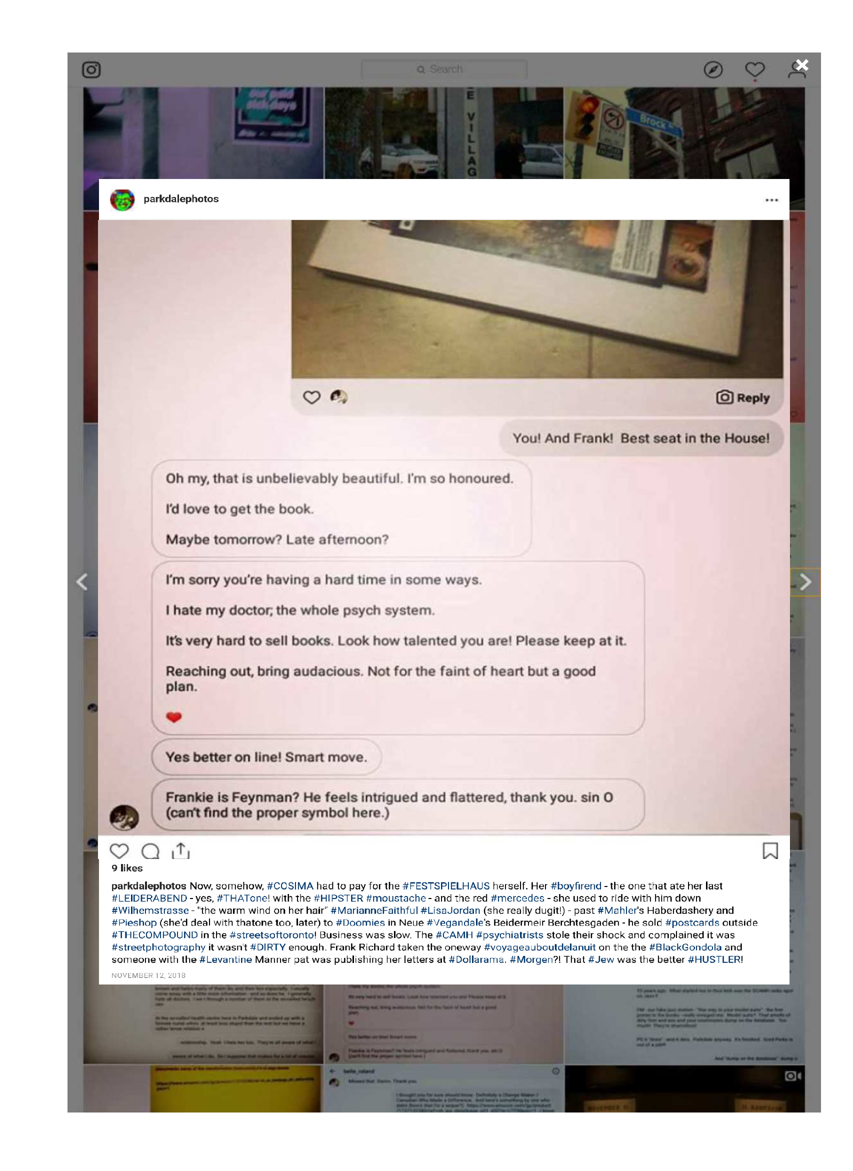

in that Hell House. Who suicided. It would almost be better, I sometimes feel, if he outlived me too. He's probably in better health than I am - so maybe. A very canny cat. I worked once with a very tough retired sea captain who told me that other tough captains he knew fell into deep years long depression when they lost their pets, I was surprised - but that's the way it is.

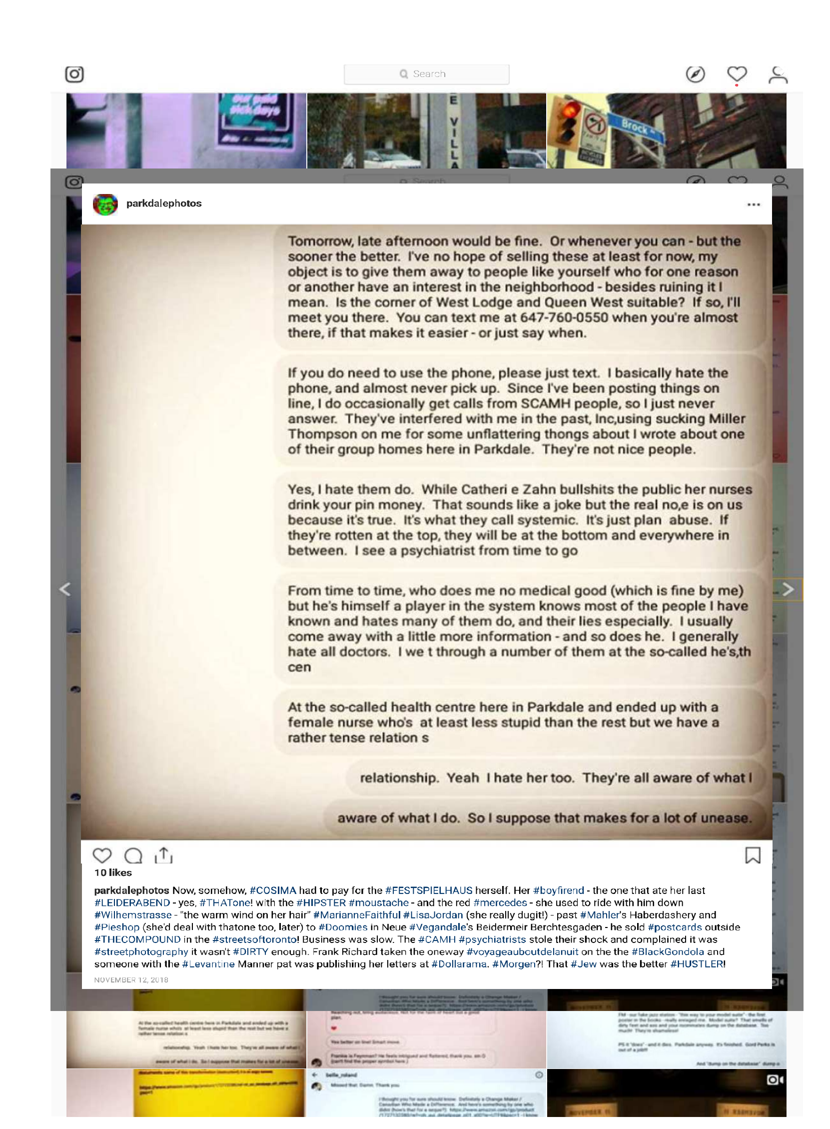

Yes, please text me with that eta. West Lodge is just a short block east of Lansdowne, on the north side of Queen. When you text I'll walk down to the corner. I'm sure I'll be the only person carrying books. O, yes - there's a Pizza Pizza on the corner so you can't miss it. (I'm in the retired junkies'rest home just a few doors up the street. Strange place.)

I'm not sure how to send that image, but I'll try using your old email address or see if there's a better way on Instagram. Anyway you'll have the whole book in a few hours. I hope you don't mind being the Haven of our Dime Museum as it says in the caption. The honour is ours! Text me tomorrow with your eta!

PS After my experiences in the group home and the emergency shelters where I worked for a few years after that, I was diagnosed with anxiety disorder (no doubt) and a touch of ptsd, with suicidal ideation and somewhat schizoid withdrawal - not the same as schizophrenia of course but maybe they were just being polite. I've been written off. At last! See you sometime tomorrow, with books in hand (myself, I mean).

Tomorrow, late afternoon would be fine. Or whenever you can - but the sooner the better. I've no hope of selling these at least for now, my object is to give them away to people like yourself who for one reason or another have an interest in the neighborhood - besides ruining it I mean. Is the corner of West Lodge and Queen West suitable? If so, I'll meet you there. You can text me at 647-760-0550 when you're almost there, if that makes it easier - or just say when.

If you do need to use the phone, please just text. I basically hate the phone, and almost never pick up. Since I've been posting things on line, I do occasionally get calls from SCAMH people, so I just never answer. They've interfered with me in the past, Inc,using sucking Miller Thompson on me for some unflattering thongs about I wrote about one of their group homes here in Parkdale. They're not nice people.

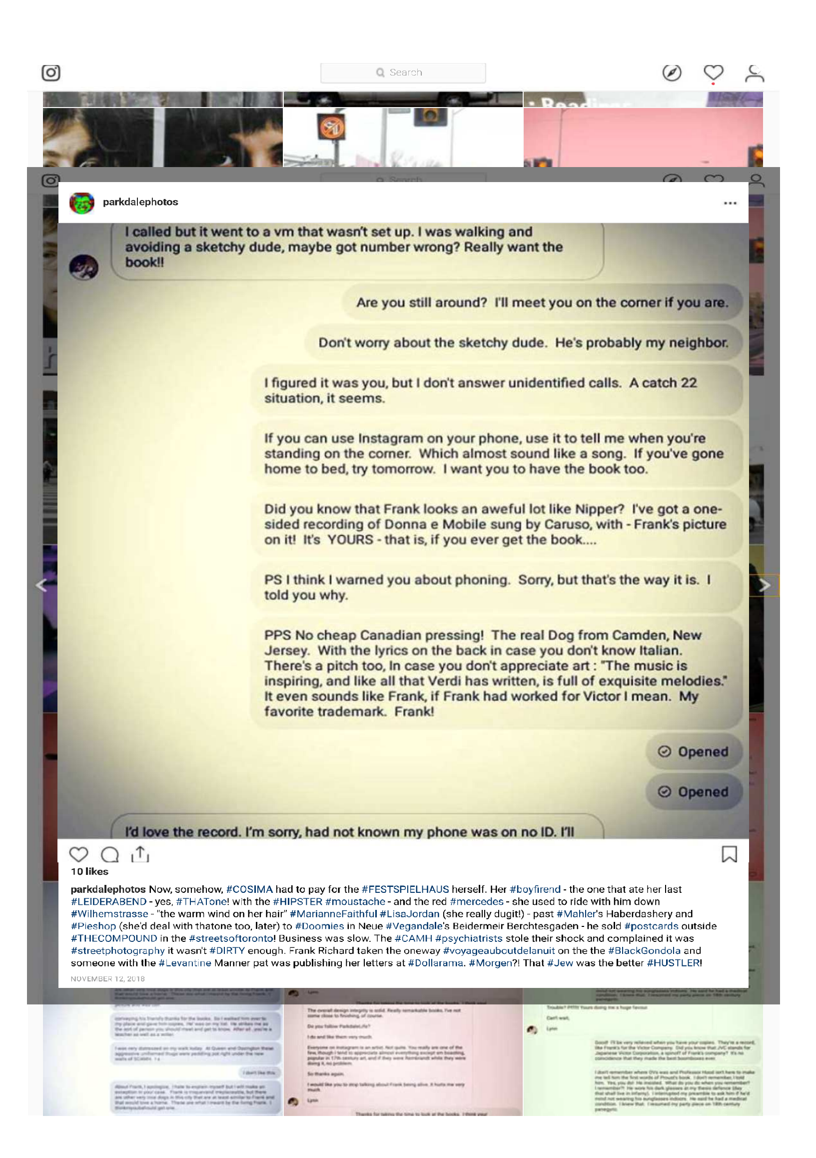

Yes, I hate them do. While Catheri e Zahn bullshits the public her nurses drink your pin money. That sounds like a joke but the real no,e is on us because it's true. It's what they call systemic. It's just plan abuse. If they're rotten at the top, they will be at the bottom and everywhere in between. I see a psychiatrist from time to go

From time to time, who does me no medical good (which is fine by me) but he's himself a player in the system knows most of the people I have known and hates many of them do, and their lies especially. I usually come away with a little more information - and so does he. I generally hate all doctors. I we t through a number of them at the so-called he's,th cen

At the so-called health centre here in Parkdale and ended up with a female nurse who's at least less stupid than the rest but we have a rather tense relation s

relationship. Yeah I hate her too. They're all aware of what I

aware of what I do. So I suppose that makes for a lot of unease.

I called but it went to a vm that wasn't set up. I was walking and avoiding a sketchy dude, maybe got number wrong? Really want the book!!

Are you still around? I'll meet you on the corner if you are.

Don't worry about the sketchy dude. He's probably my neighbor.

I figured it was you, but I don't answer unidentified calls. A catch 22 situation, it seems.

If you can use Instagram on your phone, use it to tell me when you're standing on the corner. Which almost sound like a song. If you've gone home to bed, try tomorrow. I want you to have the book too.

Did you know that Frank looks an aweful lot like Nipper? I've got a one-sided recording of Donna e Mobile sung by Caruso, with - Frank's picture on it! It's YOURS - that is, if you ever get the book....

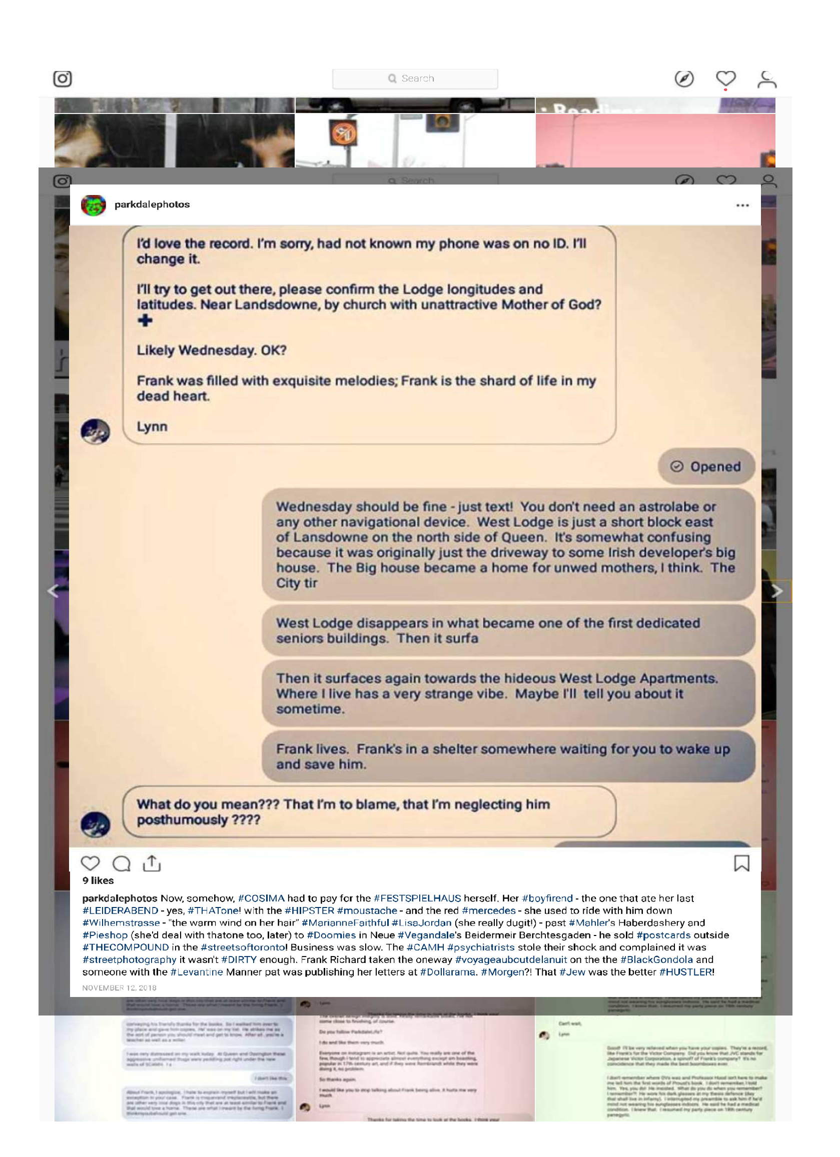

PS I think I warned you about phoning. Sorry, but that's the way it is. I told you why.

PPS No cheap Canadian pressing! The real Dog from Camden, New Jersey. With the lyrics on the back in case you don't know Italian. There's a pitch too, In case you don't appreciate art : "The music is inspiring, and like all that Verdi has written, is full of exquisite melodies." It even sounds like Frank, if Frank had worked for Victor I mean. My favorite trademark. Frank!

I'd love the record. I'm sorry, had not known my phone was on no ID. I'll change it.

I'll try to get out there, please confirm the Lodge longitudes and latitudes. Near Landsdowne, by church with unattractive Mother of God?

Likely Wednesday. OK?

Frank was filled with exquisite melodies; Frank is the shard of life in my dead heart.

Wednesday should be fine - just text! You don't need an astrolabe or any other navigational device. West Lodge is just a short block east of Lansdowne on the north side of Queen. It's somewhat confusing because it was originally just the driveway to some Irish developer's big house. The Big house became a home for unwed mothers, I think. The City tir

Then it surfaces again towards the hideous West Lodge Apartments. Where I live has a very strange vibe. Maybe I'll tell you about it sometime.

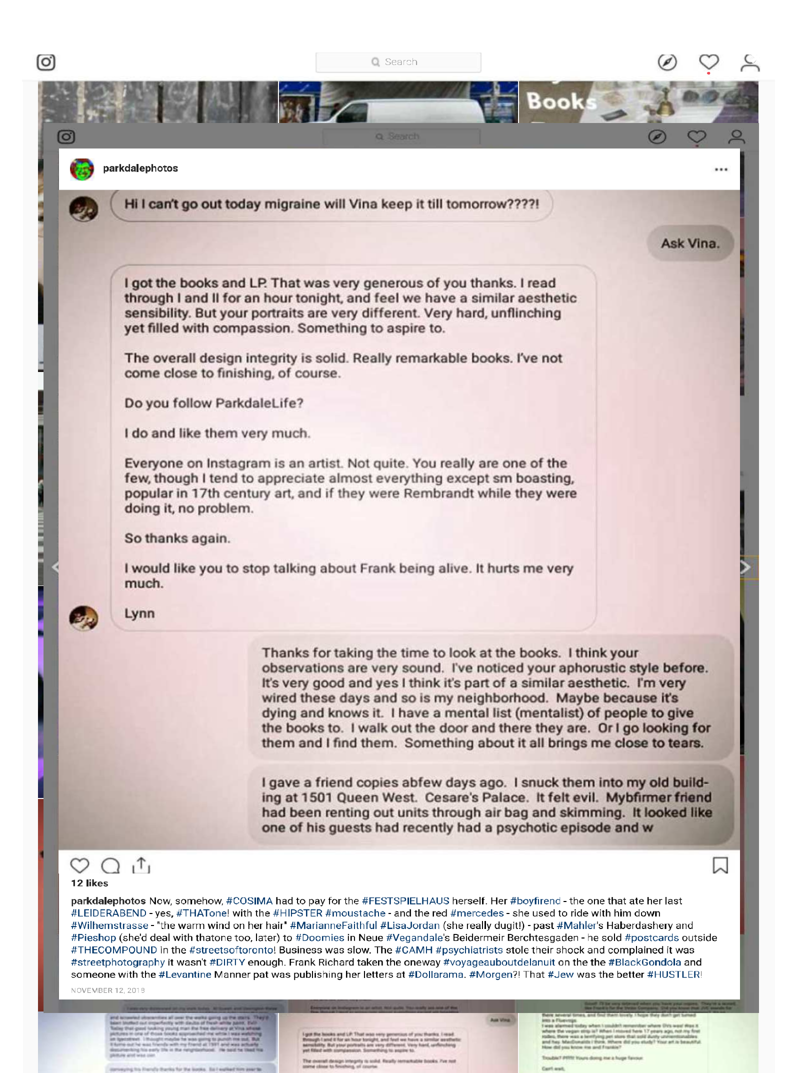

Frank lives. Frank's in a shelter somewhere waiting for you to wake up and save him.

What do you mean??? That I'm to blame, that I'm neglecting him posthumously ????

I'm going to Vina tomorrow. I'm really looking forward to this. I've been there several times, and find them lovely. I hope they don't get turned into a Fluevogs.
I was alarmed today when I couldn't remember where OVs was! Was it where the vegan strip is? When I moved here 17 years ago, not my first rodeo, there was a terrifying pet store that sold dusty unmentionables and hay. MacDonalds I think. Where did you study? Your art is beautiful. How did you know me and Frankie?
Trouble? Pffft! Yours doing me s huge favour.
Can't wait,

Good! I'll be very relieved when you have your copies. They're a record, like Frank's for the Victor Company. Did you know that JVC stands for Japanese Victor Corporation, a spinoff of Frank's company? It's no coincidence that they made the best boomboxes ever.
I don't remember where OVs was and Professor Hood isn't here to make me tell him the first words of Proust's book. I don't remember, I told him. Yes, you do! He insisted. What do you do when you remember? I remember?! He wore his dark glasses at my thesis defence (day that shall live in infamy). I interrupted my preamble to ask him if he'd mind not wearing his sunglasses indoors. He said he had a medical condition. I knew that. I resumed my party piece on 18th century panegyric.
I miss Montreal.
I miss Parkdale already. Vina is run by two brothers, I think theyre both pharmacists. The skinny one, David I thin - with glasses - is very helpful and can do al,ost anything a nurse can but just doesn't let on. The stocky one is the one who granted the favor of holding your books for you. He's interesting because he's so straight shooting. He's seen everything, I'm sure. He even checked the parcel for drugs, which amused me. He's not holding anybody's drugs, just his own.
The stocky brother also dealt with me over my former slumlord's brother Luigi Fazari. Luigi was abusing Tylenol 1s very big time. We had him

Hi I can't go out today migraine will Vina keep it till tomorrow????!

Ask Vina.

I got the books and LP. That was very generous of you thanks. I read through I and II for an hour tonight, and feel we have a similar aesthetic sensibility. But your portraits are very different. Very hard, unflinching yet filled with compassion. Something to aspire to.

The overall design integrity is solid. Really remarkable books. I've not come close to finishing, of course.

Do you follow ParkdaleLife?

I do and like them very much.

Everyone on Instagram is an artist. Not quite. You really are one of the few, though I tend to appreciate almost everything except sm boasting, popular in 17th century art, and if they were Rembrandt while they were doing it, no problem.

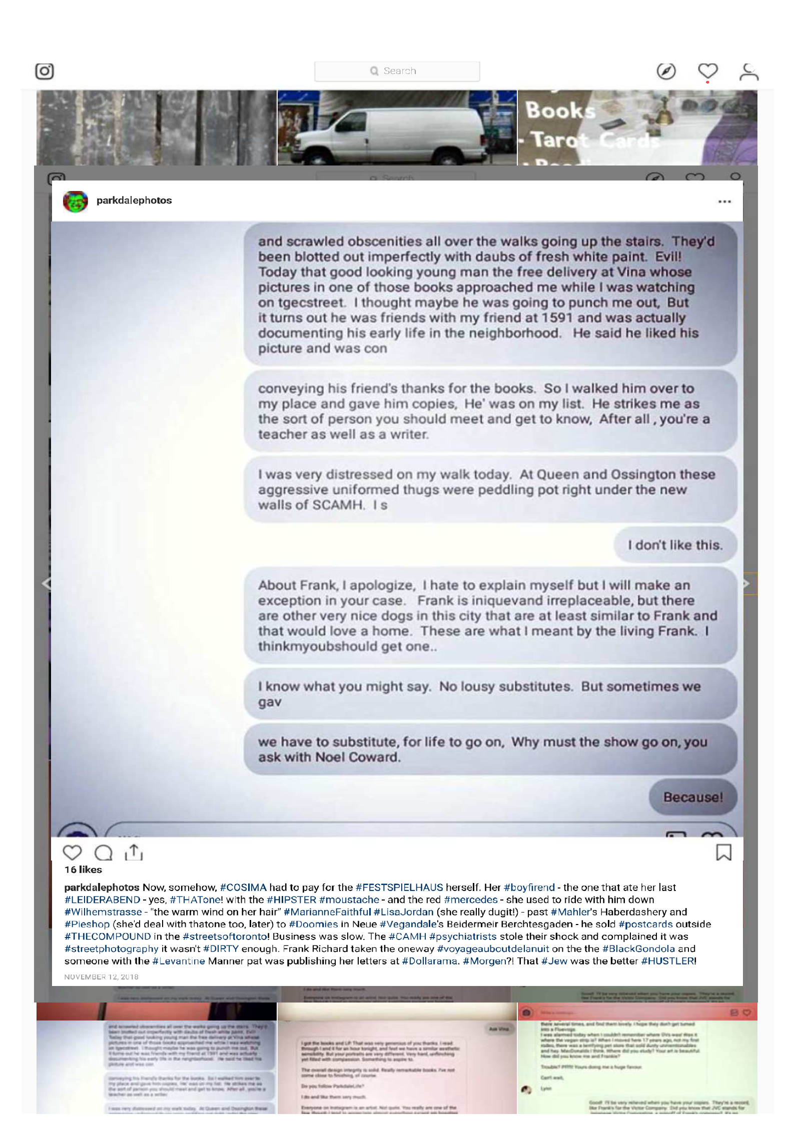

So thanks again.

I would like you to stop talking about Frank being alive. It hurts me very much.

Lynn

Thanks for taking the time to look at the books. I think your observations are very sound. I've noticed your aphorustic style before. It's very good and yes I think it's part of a similar aesthetic. I'm very wired these days and so is my neighborhood. Maybe because it's dying and knows it. I have a mental list (mentalist) of people to give the books to. I walk out the door and there they are. Or I go looking for them and I find them. Something about it all brings me close to tears.

I gave a friend copies abfew days ago. I snuck them into my old building at 1501 Queen West. Cesare's Palace. It felt evil. Mybfirmer friend had been renting out units through air bag and skimming. It looked like one of his guests had recently had a psychotic episode and w

and scrawled obscenities all over the walks going up the stairs. They'd been blotted out imperfectly with daubs of fresh white paint. Evil! Today that good looking young man the free delivery at Vina whose pictures in one of those books approached me while I was watching on tgecstreet. I thought maybe he was going to punch me out, But it turns out he was friends with my friend at 1591 and was actually documenting his early life in the neighborhood. He said he liked his picture and was con

conveying his friend's thanks for the books. So I walked him over to my place and gave him copies, He' was on my list. He strikes me as the sort of person you should meet and get to know, After all , you're a teacher as well as a writer.

I was very distressed on my walk today. At Queen and Ossington these aggressive uniformed thugs were peddling pot right under the new walls of SCAMH. I s

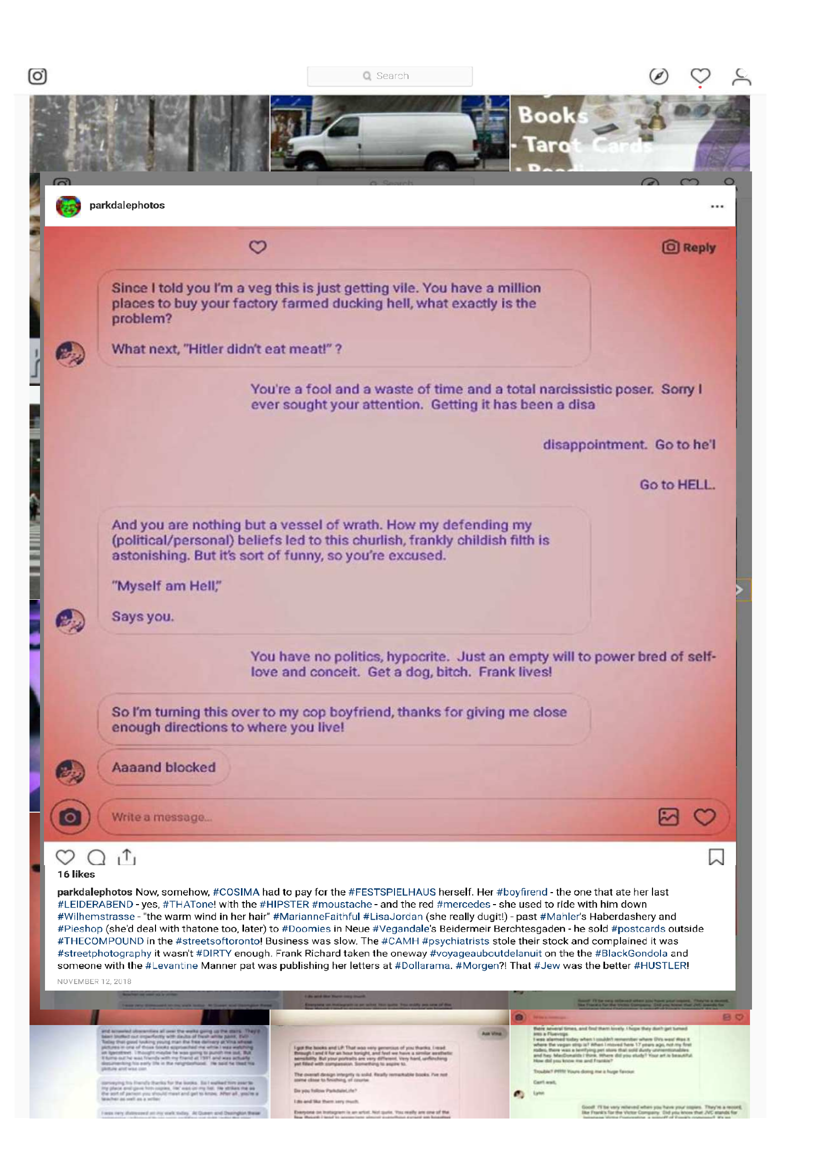

I don't like this.

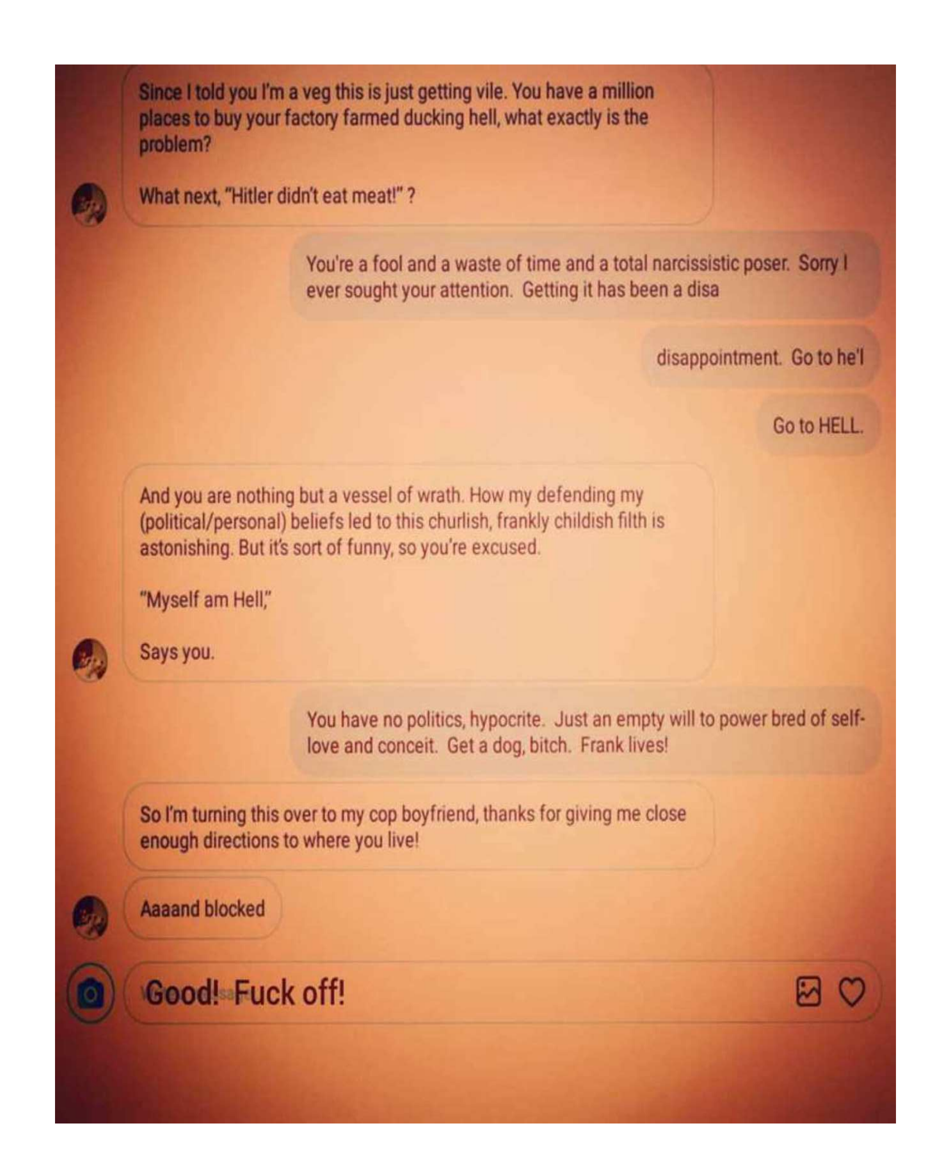

About Frank, I apologize, I hate to explain myself but I will make an exception in your case. Frank is iniquevand irreplaceable, but there are other very nice dogs in this city that are at least similar to Frank and that would love a home. These are what I meant by the living Frank. I thinkmyoubshould get one..

I know what you might say. No lousy substitutes. But sometimes we gav

we have to substitute, for life to go on, Why must the show go on, you ask with Noel Coward.

Because!

parkdalephotos Warning! The holdings of the #Parkdale Branch of the #Torontopubliclibrary INCLUDE many CONTROVERSIAL BOOKS, but NOT if CATHERINEZAHNDONTLIKEIT. Needless to say, #CAMH CEO CATHERINE ZAHN #FACE #MENTALHEALTH #FASCISM etc., did NOT like #SCAMH: SHOPPING CENTRES AND MODEL HOMES one teenyweeny bit for its unflattering depiction of her as the bullshitting mouthpiece of #MentalHealth #Fascism. However, whether they moved her to action or moved her to tears, the following books left her changed forever. These classics left a permanent mark on Dr. Catherine Zahn who says they're as relevant today as when they first appeared: #Candy, #Fearofflying, and #Wifey. Good as ever in the #streetsoftoronto for #streetphotography. PS I offered these expensive self-published books free to the librarian "Miranda" for inclusion in the local history section of Parkdale branch. When after several weeks they did not appear there, I enquired and "Miranda" returned the books to me bookmarked where there appeared to be something that Catherine Zahn might not like - or where some joke looked politically incorrect to somebody. The global reason for returning the books was "Catherine Zahn might not like them." I find this censorship disgusting and unprincipled especially given "Miranda's" predatory remark : "The library DOES hold CONTROVERSIAL BOOKS in its collections. But evidently NOT if Catherine Zahn MIGHT not like them. Pathetic, disgusting, and stupid!

It's ironic that one of the phrases people use to dismiss a mental illness actually contains more insight than you might think. Because many mental illnesses are the result of things that actually happen in your head – like disruptions in brain circuitry. By understanding the brain better, we'll be able to make huge advances in early detection, diagnosis and treatment.

How important is this? Important enough that $30 million has just been donated to CAMH for next generation brain science research. Our work will attract the world's leading scientists and clinicians and CAMH will be a beacon to mental health experts around the globe.

By deepening people's understanding of the brain and the science behind mental illness, we hope to overcome the stigma and prejudice. Because if we truly want to transform lives, we must also transform the way society thinks about mental illness.

Business is booming
Why SCAMH?
EQUALS
- PROPAGANDA: For wasting money on an expensive propaganda campaign, the tenor of which is not to "remove stigma" but to mislead the public about the complexities of mental illness and madness....
1984
- QUACKERY: For the implication that SCAMH has some kind of magic bullet or "TRANSFORMER" for mental illness and madness....
AT
TRUTH
- MENDACITY: For making false claims, that they're TRANSFORMING LIVES when there's all the evidence to the contrary....
- EXPLOITATION: For using clients as patsies and "POSTER PEOPLE" at the expense of the majority who don't qualify for such a dubious "honour"....
- TOKENISM: For offering clients shit-jobs in their pretentious cafe, provided they connive at the virtual banishment of fellow clients from the grounds. It's like offering blacks employment as cleaning staff in a ghetto where they aren't allowed to live....
- TOTALITARIANISM: For censoring discussion here and, more pervasively and DESTRUCTIVELY, on the world-wide web....
- NON CLIENT-CENTREDNESS and INTOLERANCE: For unilaterally banning smoking EVERYWHERE, including the grounds; for wasting money on bullshit and lies; for study carrels and conference centres for themselves, and GROUP HOMES for their clients, etc....
P.S. NO SMOKING AND KEEP OFF THE GRASS!
- STUPIDITY ("NON-BRILLIANCE" in the original, in deference to FACEBOOK): For "all of the above."
NON CLIENT-CENTRED FORTRESS

"How good does that feel...."

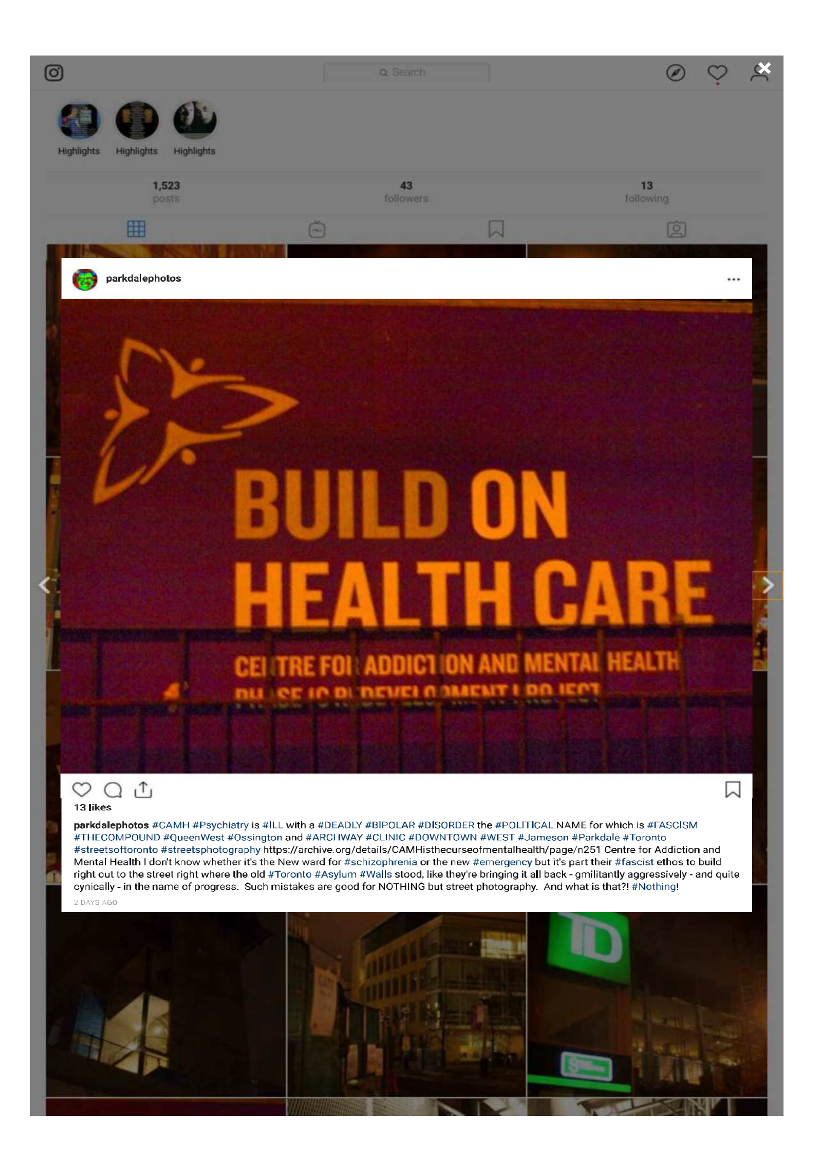

"Let's face it, how good does that feel to have some nice citrus shampoo from time to time?" says Zahn. "It's a wonderful luxury that we all enjoy. One of the things I was told when we were building our facilities is that one of the architects asked somebody, 'What do people with mental illness like?' And the answer was, 'The same things you like – what are you talking about? These are human beings who like the same comforts and luxuries as you do.' They're functioning on a level where they're trying to get by; what can we do to make life better [for them]?"

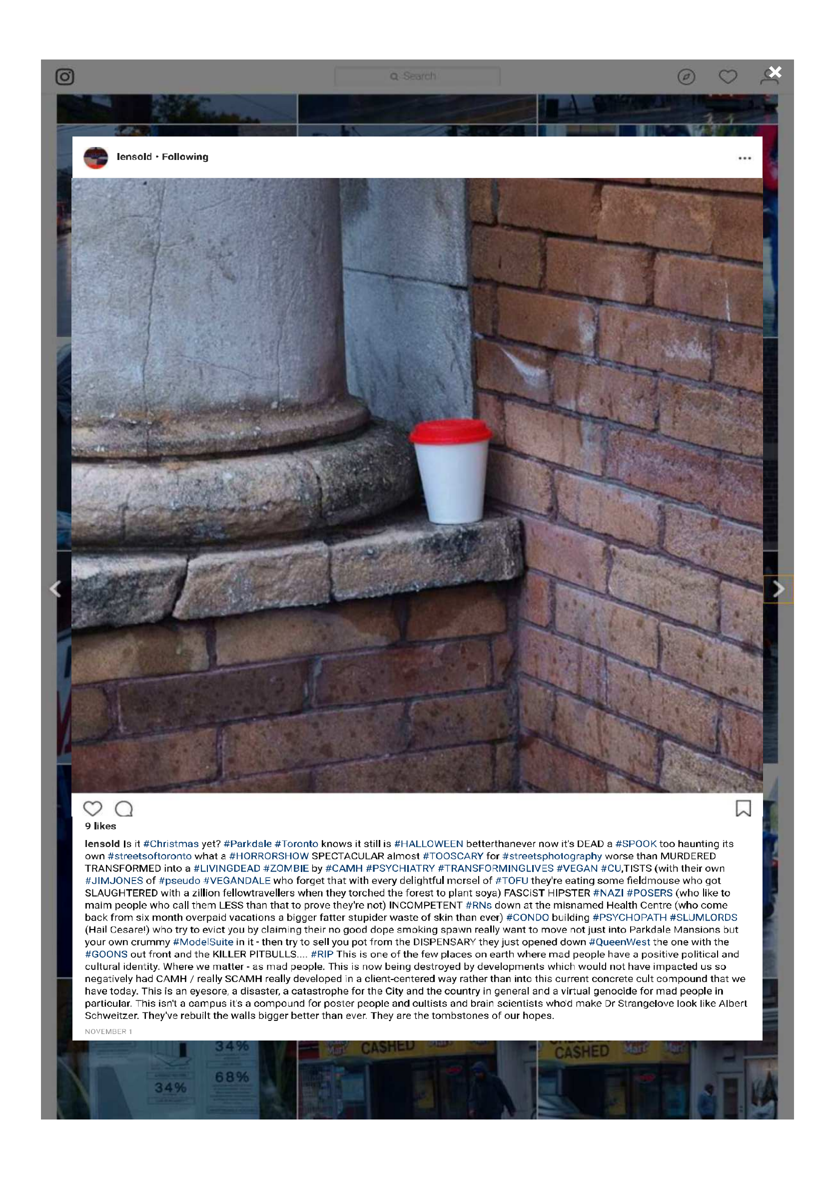

Fuck you, CAMH CEO Catherine Zahn, for prostituting "Mental Health" to Pushers, Pimps, and Quacks

The landmark funding will also be used to transform CAMH's "front door," through the construction of the Bell Gateway Building, which will serve as a central hub on the Toronto campus.

lensold Is it #Christmas yet? #Parkdale #Toronto knows it still is #HALLOWEEN betterthanever now it's DEAD a #SPOOK too haunting its own #streetsoftoronto what a #HORRORSHOW SPECTACULAR almost #TOOSCARY for #streetsphotography worse than MURDERED TRANSFORMED into a #LIVINGDEAD #ZOMBIE by #CAMH #PSYCHIATRY #TRANSFORMINGLIVES #VEGAN #CU,TISTS (with their own #JIMJONES of #pseudo #VEGANDALE who forget that with every delightful morsel of #TOFU they're eating some fieldmouse who got SLAUGHTERED with a zillion fellowtravellers when they torched the forest to plant soya) FASCIST HIPSTER #NAZI #POSERS (who like to maim people who call them LESS than that to prove they're not) INCOMPETENT #RNs down at the misnamed Health Centre (who come back from six month overpaid vacations a bigger fatter stupider waste of skin than ever) #CONDO building #PSYCHOPATH #SLUMLORDS (Hail Cesare!) who try to evict you by claiming their no good dope smoking spawn really want to move not just into Parkdale Mansions but your own crummy #ModelSuite in it - then try to sell you pot from the DISPENSARY they just opened down #QueenWest the one with the #GOONS out front and the KILLER PITBULLS.... #RIP This is one of the few places on earth where mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH / really SCAMH really developed in a client-centered way rather than into this current concrete cult compound that we have today. This is an eyesore, a disaster, a catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus it's a compound for poster people and cultists and brain scientists who'd make Dr Strangelove look like Albert Schweitzer. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes.

This is now being destroyed by developments which would not have impacted us so negatively had CAMH / #SCAMH really developed in a client-centered way rather than into this current concrete #cult compound that we have today. This is an eyesore, a disaster, a #catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus up #QueenWest at #Ossington it's a compound for poster people and cultists and brain scientists like and including Dr #Ratbrain Sean Hill who'd like not so much to help us as replace us with #artificialintelligence and who'd make Dr Strangelove look like Albert Schweitzer. Of course this is no mean #betrayal by those who freely exploit terms like #endstigma and remove #stigma mainly to remove US - from their #effing so-called #campus. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes.

...If you come to White Squirrel Way's sidewalk, you might think you're seeing apartment buildings like any other in the city....

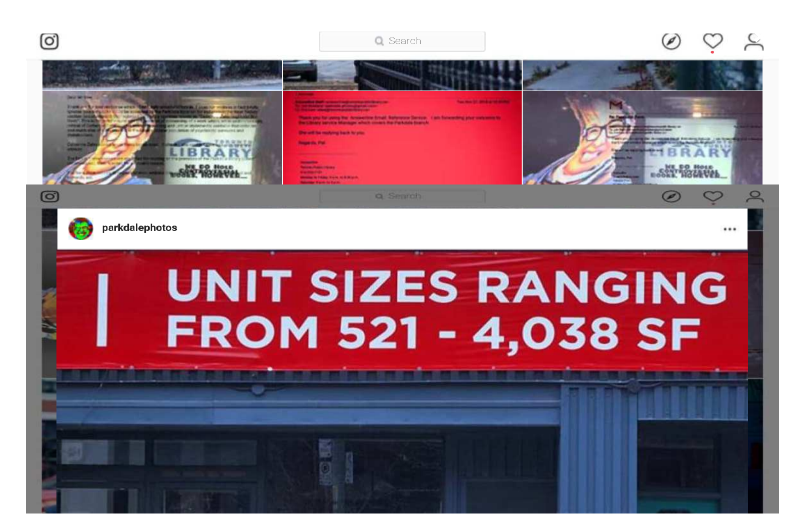

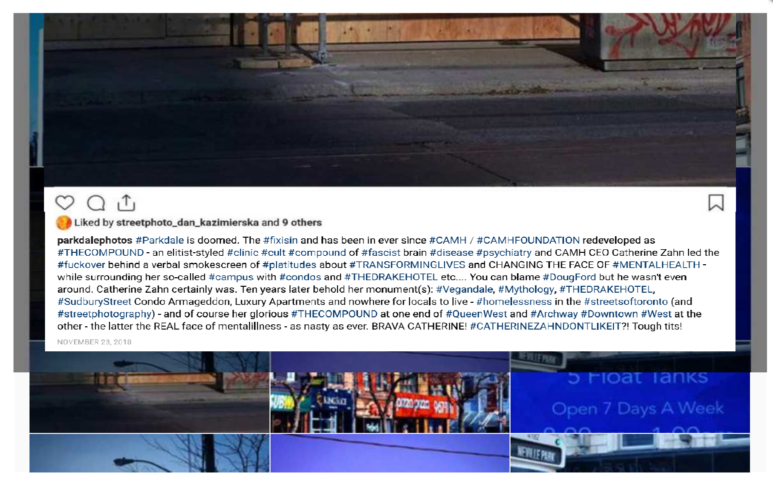

But the place feels like a Soviet-bloc flashback: harsh cinder-block spaces devoid of daylight, tattered curtains hanging on broken runners, cramped hallways and faded posters on the walls.

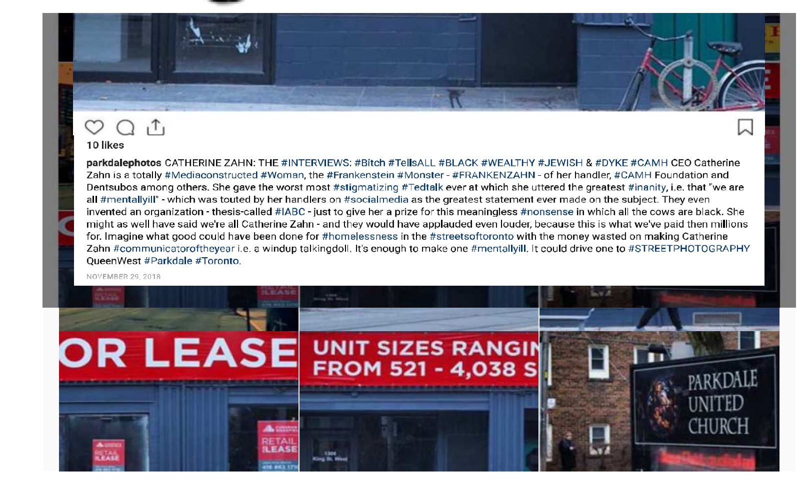

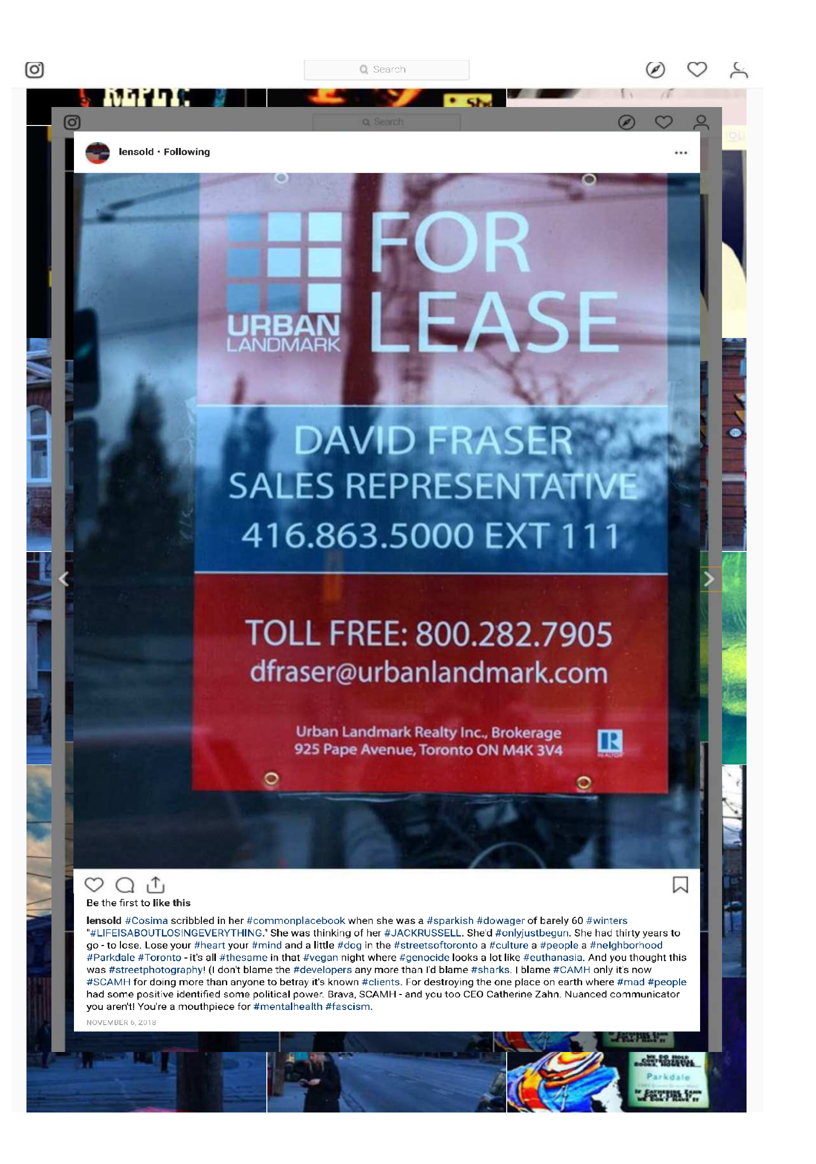

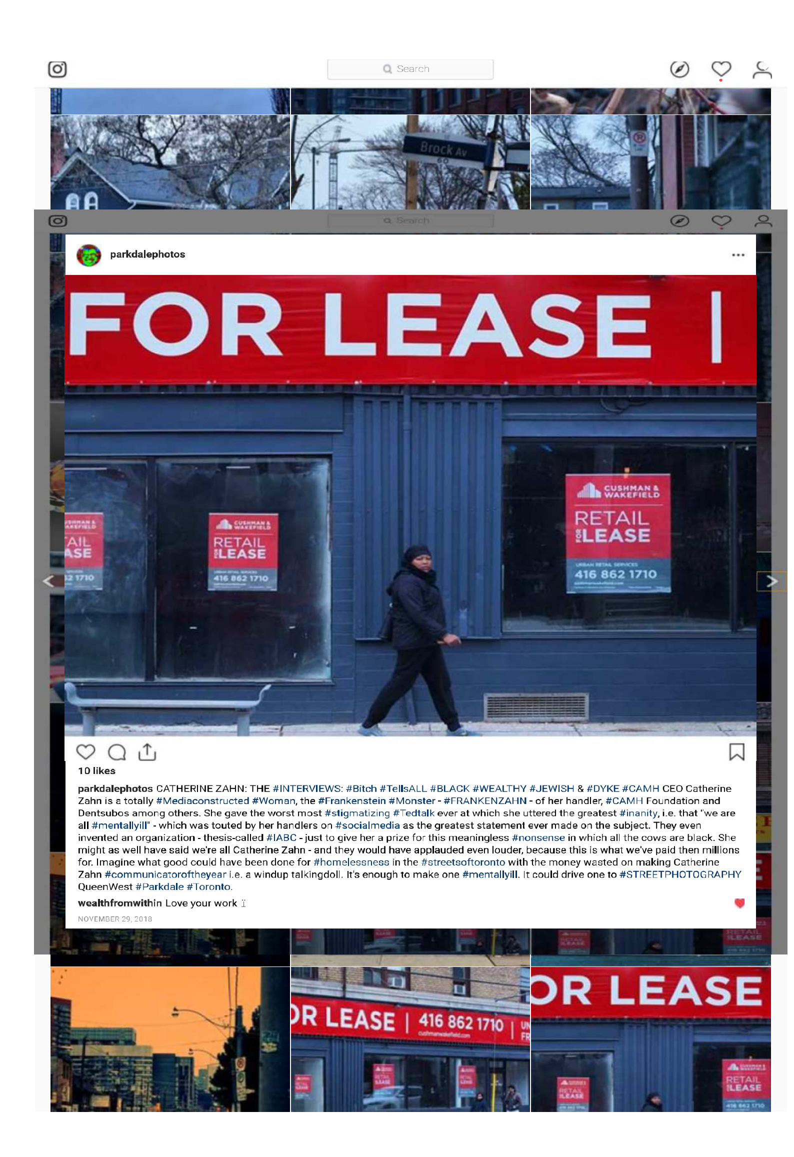

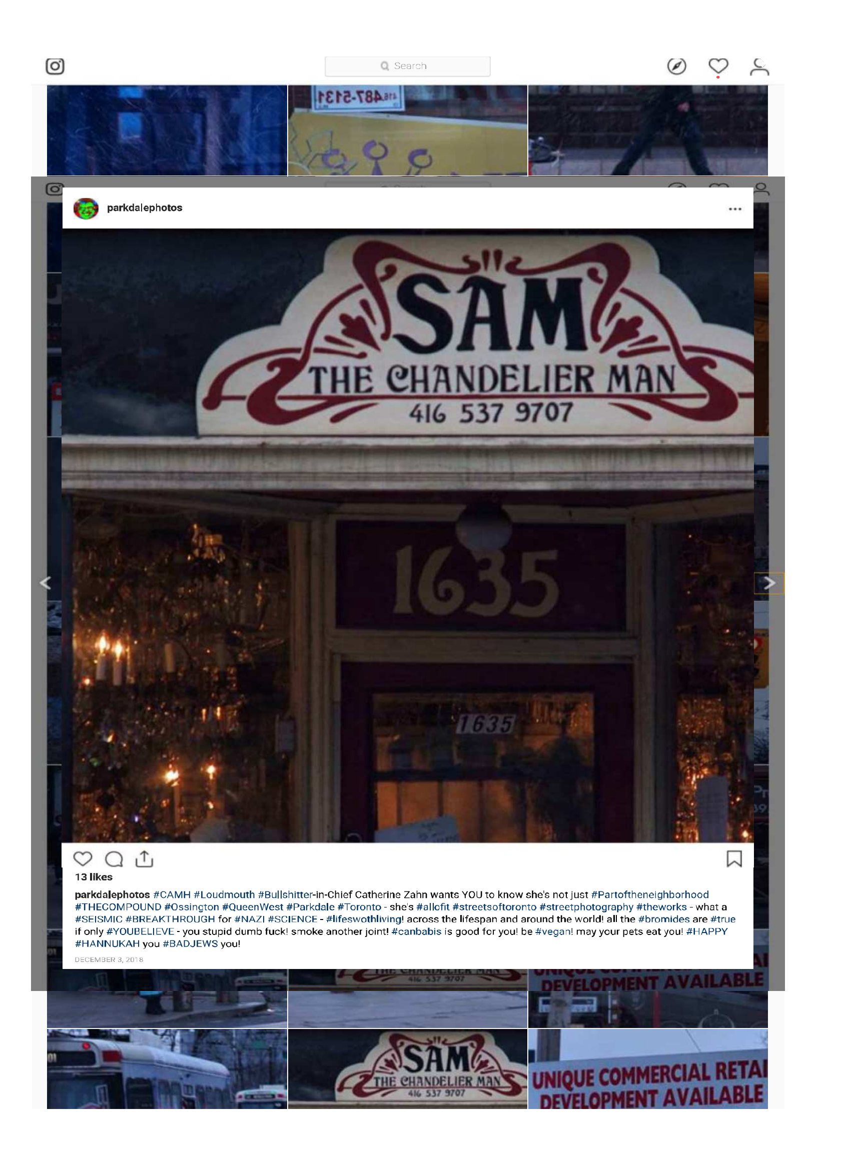

We're transforming the neighborhood....

She gave the worst most #stigmatizing #Tedtalk ever at which she uttered the greatest #inanity, i.e. that "we are all #mentallyill" - which was touted by her handlers on #socialmedia as the greatest statement ever made on the subject. They even invented an organization - thesis-called #IABC - just to give her a prize for this meaningless #nonsense in which all the cows are black. She might as well have said we're all Catherine Zahn - and they would have applauded even louder, because this is what we've paid then millions for. Imagine what good could have been done for #homelessness in the #streetsoftoronto with the money wasted on making Catherine Zahn #communicatoroftheyear i.e. a windup talkingdoll. Its ethos is fascist, because it's run by psychiatrists whose ethics, with some minor adjustment for for the different historucal times, would not be inconsistent with NAZISM. In other words they demonstrably have none, only an empty will to power the copious propaganda for which tells us absolutely NOTHING true about mental health, only how wonderful THEY are - which is a lie. They've never recognized that what they call mental illness is really a way of life, and the implications of this failure are catastrophic and genocidal. Look at my neighborhood, Parkdale. This is one of the few places on earth where mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH (SCAMH!) really developed in a client-centered way rather than into this current concrete cult compound that we have today. This is an eyesore, a disaster, a catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus it's a compound for poster people and cultists and brain scientists who'd make Dr Strangelove look like Albert Schweitzer. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes. - Open spaces everywhere like there's been a bombing. And so there has. If our enemies had done this to us, we'd bomb them back - but it's only CAMH, the PCLS, the PCHC, the #Cityplanners etc etc - so we give them a raise. AND A MESSAGE FROM CEO ZAHN!

lensold #Postergirl #TTC #thebetterway #Jameson #QueenWest #Parkdale #Toronto #streetsoftoronto #streetsphotography - the neighborhood feels worse than ever - more #wired - less #civilized - #brutalized - and #stressed! And everywhere the #stench of #pot. #Generationofvipers! And it'# at its absolute worst right around the #Parkdale #QueenWest #Community #Healthcentre and #CAMH. This is what they've enabled. They both use #postergirls. They're #assholes.
A few weeks ago my dyke "Care Giver" asked me if I was an ethical person. Aside from the fact that the question was impertinent and none of her fucking business, it gave me pause because for years I've considered her one of the most unethical persons in a neighborhood with more than its fair share of crooks and frauds.
I knew about Poster Boy #1 from the get-go. He's now a gangster slumlord drug dealer's goon. I can't count how many people he and his spawn have imposed on and made homeless by fraudulent means. I initially referred him to Nurse Ugly. It should have been the police. However, having referred him I subsequently noticed with what efficiency she got him set up. Nice work, Ugly.
Just recently another piece of garbage has stepped forward with a similar recommendation. This one looks somewhat like a pedophile Santa, and his name is Klaus. A few months ago I caught him going through my things in front of a junk store fortunately no longer there. I told him to beat it and never get close to me again, but guys like him cannot stay away. He approached me later in the street so I told him to fuck, off. He called me a faggot, which struck me as ironic given his penchant for getting beat up for gandering local youth over at Parkdale Collegiate.
This was Poster Boy #2 (it's a series), with whom Ugly colluded to get a good review. I didn't have to believe him, but what he said was consistent with what I already knew.
Their care - giving (joke!) STINKS even worse. It consists of lipitor and nasal spray and blood work for reports they can't even read. It consists of insults like Ugly poking what is probably the beginning of a hernia with her fat finger and squealing what's

parkdalephotos Just another #partoftheneighborhood #CAMH CEO Catherine Zahn #Face of #MentalHealth #FASCISM says she's #TRANSFORMING although frankly if #QueenWest #Ossington is her idea of a #neighborhood I'd sure hate to see her idea of a #CULT #COMPOUND just like if #Archway #Downtown #West #Parkdale #Toronto is her idea of a #CLINIC I'd sure hate to see what she thinks is an #abbatoir etc etc Likeewise if #WhiteSquirrelWay is her idea of the #streetsoftoronto one wonders what would be her idea of a patrolled lane in a #gatedcommunity (#Obersalzberg circa 1930?). She probably thinks #CAMHFOUNDATION does funky #STREETPHOTOGRAPHY and Darrell Louise Gregersen is a #BOLD #ARTISTE.... All which begs the question: what would her idea of #mentalhealth be like? #Teletubbies! (#Supertakumar #28mmf35)

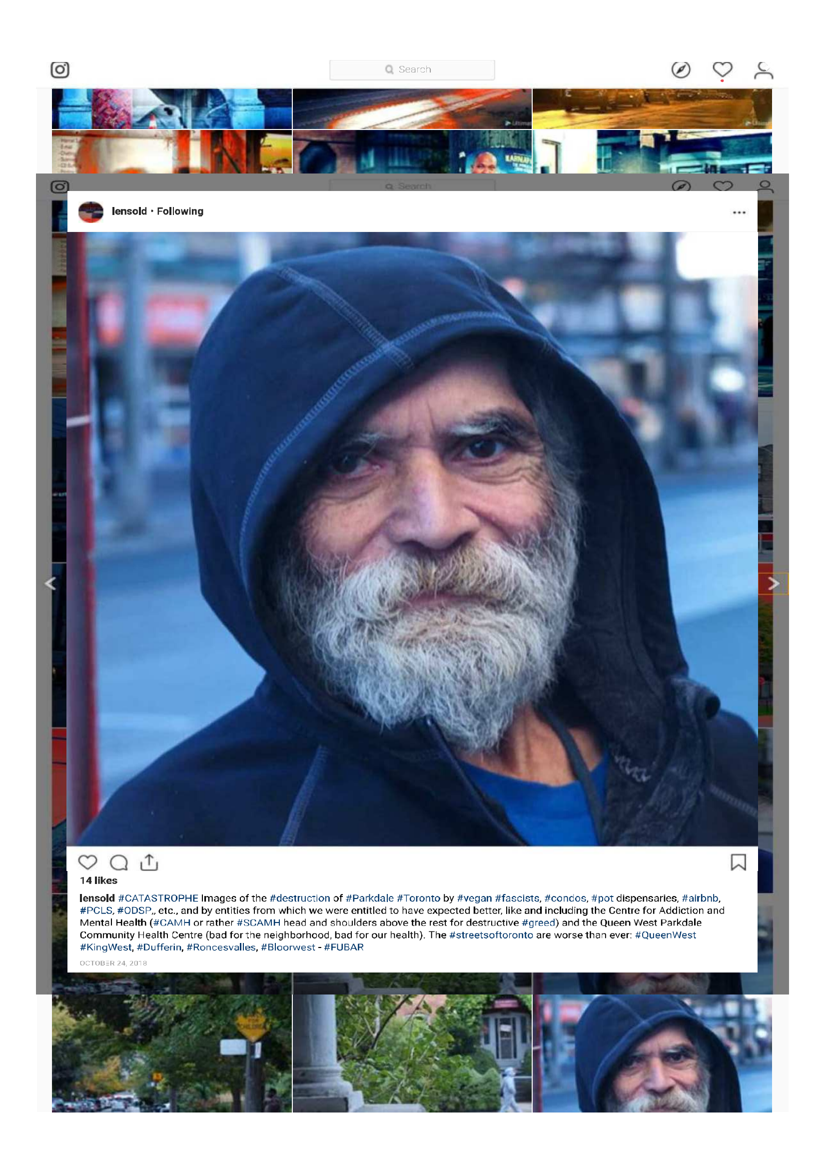

DECEMBER 4, 2018

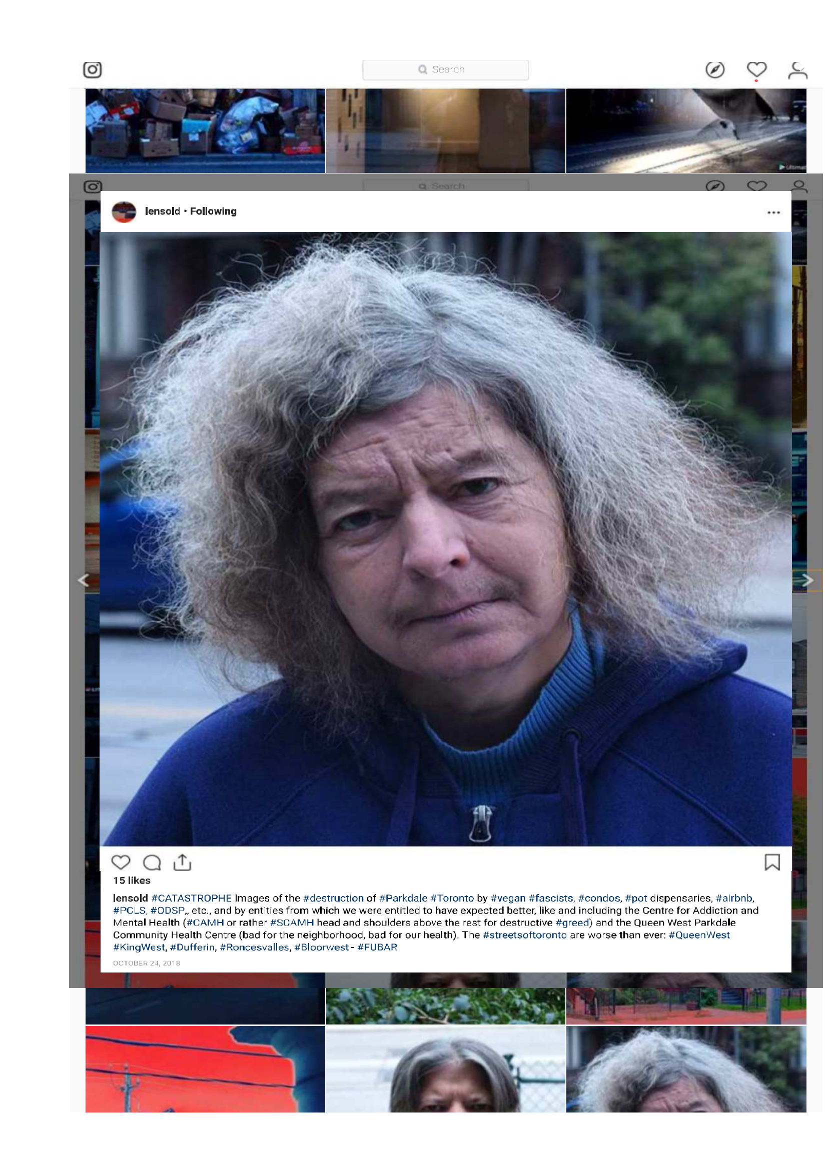

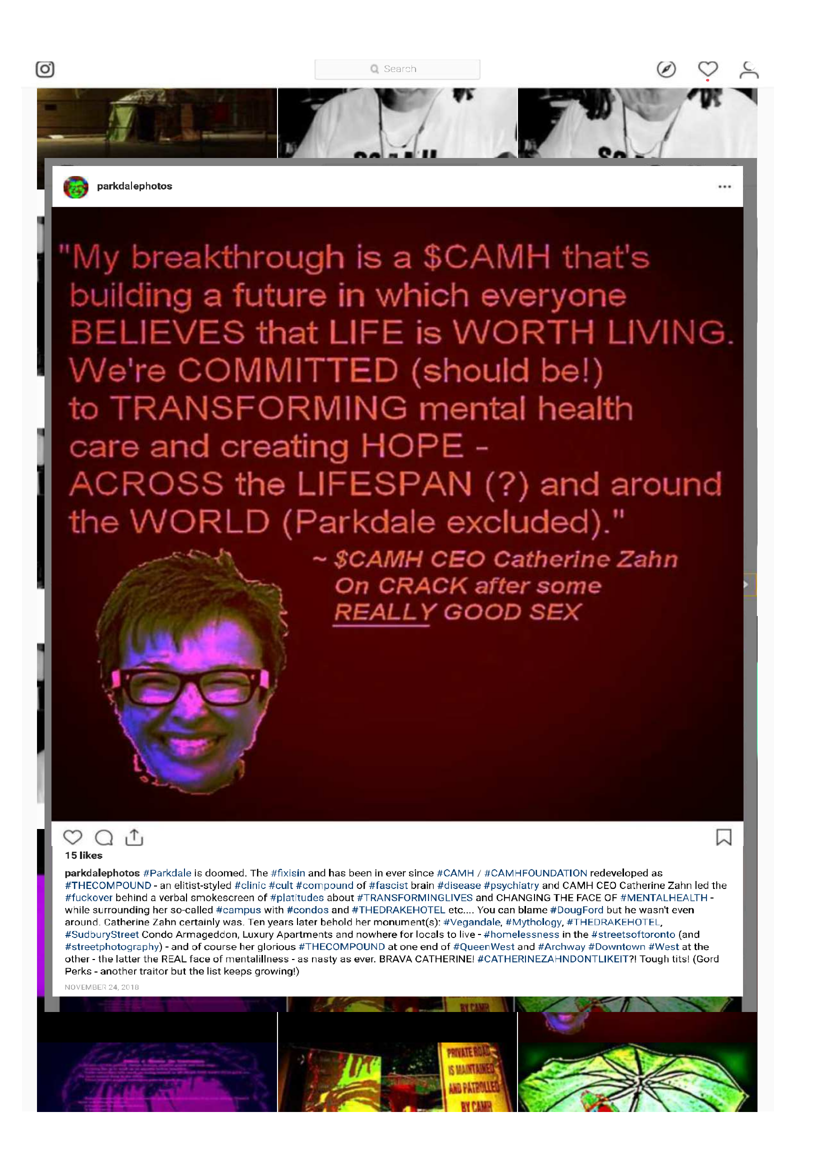

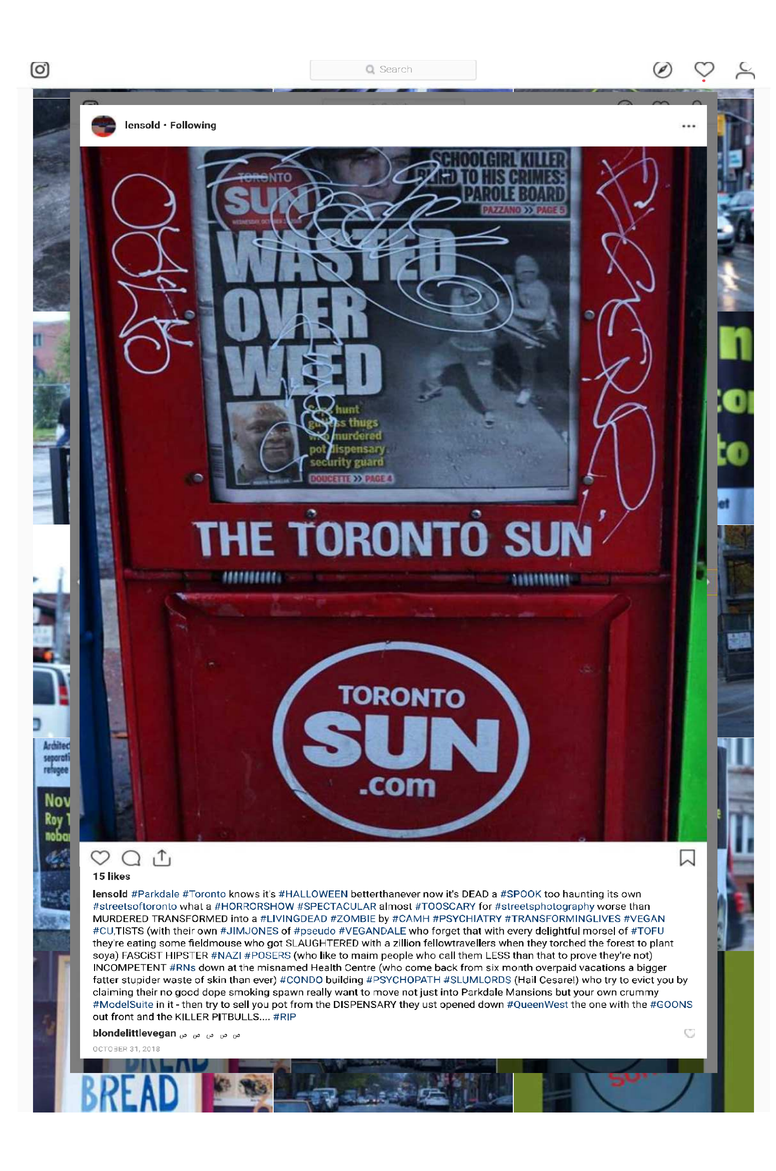

"Every day we're creating zillions of pieces of information," Zahn says. "We can collect demographic data, data on the condition of individuals, their psychiatric functioning, their mental functioning, their functional outcomes and the medications they are on."

lensold Warning! The holdings of the #Parkdale Branch of the #Torontopubliclibrary INCLUDE many CONTROVERSIAL BOOKS, but NOT if CATHERINEZAHNDONTLIKEIT. Needless to say, #CAMH CEO CATHERINE ZAHN #FACE #MENTALHEALTH #FASCISM etc., did NOT like #SCAMH: SHOPPING CENTRES AND MODEL HOMES one teenyweeny bit for its unflattering depiction of her as the bullshitting mouthpiece of #MentalHealth #Fascism. However, whether they moved her to action or moved her to tears, the following books left her changed forever. These classics left a permanent mark on Dr. Catherine Zahn who says they're as relevant today as when they first appeared: #Candy, #Fearofflying, and #Wifey. Good as ever in the #streetsoftoronto for #streetphotography. PS I offered these expensive self-published books free to the librarian "Miranda" for inclusion in the local history section of Parkdale branch. When after several weeks they did not appear there, I enquired and "Miranda" returned the books to me bookmarked where there appeared to be something that Catherine Zahn might not like - or where some joke looked politically incorrect to somebody. The global reason for returning the books was "Catherine Zahn might not like them." I find this censorship disgusting and unprincipled especially given "Miranda's" predatory remark : "The library DOES hold CONTROVERSIAL BOOKS in its collections. But evidently NOT if Catherine Zahn MIGHT not like them. Pathetic, disgusting, and stupid!

lensold CATHERINE ZAHN: THE #INTERVIEWS: #Bitch #TellsALL #BLACK #WEALTHY #JEWISH & #DYKE #CAMH CEO Catherine Zahn is a totally #Mediaconstructed #Woman, the #Frankenstein #Monster - #FRANKENZAHN - of her handlers, #CAMH Foundation and Dentsubos among others. She gave the worst most #stigmatizing #Tedtalk ever at which she uttered the greatest #inanity, i.e. that "we are all #mentallyill" - which was touted by her handlers on #socialmedia as the greatest statement ever made on the subject. They even invented an organization - thesis-called #IABC - just to give her a prize for this meaningless #nonsense in which all the cows are black. She might as well have said we're all Catherine Zahn - and they would have applauded even louder, because this is what we've paid then millions to. Imagine what good could have been done for #homelessness in the #streetsoftoronto with the money wasted on making Catherine Zahn #communicatoroftheyear i.e. a windup talkingdoll. It's enough to make one #mentallyill. It could drive one to #STREETPHOTOGRAPHY QueenWest #Parkdale #Toronto.

parkdalephotos In a #stateofshock I staggered into the #streetsoftoronto cheap japanese camera (with a great #soviet lens) in hand, thinking #streetsphotography might help me regain equilibrium - like other ever been used this way before, like I any to begin with. Because today the #Parkdale Branch of the #torontopubliclibrary told me in the person of #Miranda that they couldn't even accept #SCAMH: ShoppingCentres and ModelHomes - because - #CAMH CEO Catherine Zahn "might not LIKEIT" ?!?!?! - Of course she won't like it, since tgebtenor of the book is she's #FULLOFSHIT! So now we have to care if #catherinezahndontlikeit?! What's even going to do to us, anyway? Try our brains in her latest catalytic innovator? How #gutless can one be? As #Miranda! Ask the #Toronto #Public #Library! Don't even #FART people - CAUSE #CATHERINEZAHNDONTLIKEIT! SHAME!!! "Catherine Zahn don't like it / rockthekasbah! #rockthecasbah!"

parkdalephotos Today I thought I'd take a look at the #QueenWest New #Berchtesgaden cum #Obersalzberg #CAMH CEO Catherine Zahn #boasts #THECOMPOUND of #NAZI #BrainDisease is finally a part of (or is that viceversa?). #Partoftheneighborhood?! #ALLofit as little #jimmyscott sings. Some #richbitch with frosted hair ran me over on her way to #GravityPope. When I asked her what she had against #streetphotography she spun around on her #wellheeled #fluevogs and called me #rude. I said that wasn't an answer and a lot she knew about #manners in the #streetsoftoronto #fuckingbitch from #CAMHFOUNDATION or the #UniversityofToronto or both probably. Looked a lot like #KathleenWynne.... All the #losers turn up here.... QueenWest #Ossington #Parkdale #Toronto PS As for the neighborhood - now they've ruined it CAMH can have it! PPS Regarding Zahn's BS, this garbage is all about money greed pretention and fakery - it's a lie in other words - which has everything to do with CAMH #Psychiatry - and nothing to do with #MentalHealth really - it isn't crazy! - It's just plain sick and stupid! At least I don't have to paint it.... #Trash!

Since I told you I'm a veg this is just getting vile. You have a million places to buy your factory farmed ducking hell, what exactly is the problem?
What next, "Hitler didn't eat meat!" ?
You're a fool and a waste of time and a total narcissistic poser. Sorry I ever sought your attention. Getting it has been a disa
disappointment. Go to he'l
Go to HELL.
And you are nothing but a vessel of wrath. How my defending my (political/personal) beliefs led to this churlish, frankly childish filth is astonishing. But it's sort of funny, so you're excused.
"Myself am Hell,"
Says you.
You have no politics, hypocrite. Just an empty will to power bred of self-love and conceit. Get a dog, bitch. Frank lives!
So I'm turning this over to my cop boyfriend, thanks for giving me close enough directions to where you live!

lensold Just a friendly exchange with Lynn Crosbie, resident #hipster #poser of the #globeandmail, professional #mourner for her lately deceased dog. She liked my book of images, but that was before I sent her some articles critical of some of the irrational tenets of #veganism and pointing out its connections with #fascism and #racism. It didn't go well. La Crosbie calls herself Bad-Ass but when she's called a #bitch for being one, she threatens to send her #cop "#boyfriend" over to beat me up. So who's the #fascist now, Crosbie? Sorry I gave you a copy of my book. And do get a dog. The shelters are full of strays likewise the #streetsoftoronto all sitting pretty for #streetsphotography - and it's been a few years (and you're not the first person to lose a dog and it's self-indulgent and silly to act like worse things can't happen). PS I kinda liked that Vessel of Wrath #jive. PPS: I'm blocked now, by Lynn Crosbie too! So who's childish? Is it too close to call? Stay tuned, hipsters, vegans, carnivores, omnivores, at al. Rumble, Parkdale! Rumble! PPS Frank is her #sonofabitch dog (R.I.P., Frank; I feel like we have met!).... PPS Crosbie's relatio ship with neigjborhoods like and including this one whose residents she writes about for a captive #middleclass audience of some hundreds is that of the spoiled voyeur. When her subjects suggest that maybe her ilk are bad for us are part of the problem her reaction is - you guessed it - "shut the #eff up or I'll call the cops or maybe I'll just call the cops anyway like 5 minutes ago.... Just saying.... Welcome, to fascism! Heil! (Correction: It was #MargaretAtwooc called her #badass. The folks she really hangs with. And should.)

lensold #Parkdale is doomed. The #fixisin and has been in ever since #CAMH / #CAMHFOUNDATION redeveloped as #THECOMPOUND - an elitist-styled #clinic #cult #compound of #fascist brain #disease #psychiatry and CAMH CEO Catherine Zahn led the #fuckover behind a verbal smokescreen of #platitudes about #TRANSFORMINGLIVES and CHANGING THE FACE OF #MENTALHEALTH - while surrounding her so-called #campus with #condos and #THEDRAKEHOTEL etc.... You can blame #DougFord but he wasn't even around. Catherine Zahn certainly was. Ten years later behold her monument(s): #Vegandale, #Mythology, #THEDRAKEHOTEL, #SudburyStreet Condo Armageddon, Luxury Apartments and pretentious state-financed galleries full of garbage that no one should buy - and nowhere for locals to live - #homelessness in the #streetsoftoronto (and #streetphotography) - and of course her glorious #THECOMPOUND at one end of #QueenWest and #Archway #Downtown #West at the other - the latter the REAL face of mentalillness - as nasty as ever. BRAVA CATHERINE! #CATHERINEZAHNDONTLIKEIT?! Tough tits! (Gord Perks - another traitor but the list keeps growing!) I've used NAZI swing (horrible travesty of the REAL thing) because I feel that Queen West is a horrible travesty of therealthing - of Bohemianism, of art, of a neighborhood. And it's Nazi in the bullying militancy with which it's expelled the local populace though not mainly with guns (though they have their own police) but with greed and money and laws that favor greed and money and with intolerance.

NO MORE HOMELESS DEATHS
On Monday, December 23rd, around noon, a homeless man named Richard was found dead at the busy corner of Carlton and Church outside of the Loblaws. Richard was a part of the Downtown East Community. He was in his early 50s, was homeless and stayed at a local shelter.
Join us Monday, December 30th to remember Richard and all those who have died too soon. Join us in calling for action on homelessness - everyone deserves safe, affordable, and accessible housing. Everyone deserves enough income to live with health and dignity. Everyone deserves a warm place to rest in the day-time. Everyone deserves a chance to live out their life to the fullest.

lensold #RIP #QueenWest #Parkdale #Toronto. From #Ossington to #Roncesvalles in the #streetsoftoronto it's one big #Crimescene #Investigation for #streetsphotography. And the #CRIME? It's #GENOCIDE! And the #CRIMINAL? It's b#CAMH #Psychiatry. This is one of the few places on earth where #mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH / #SCAMH really developed in a client-centered way rather than into this current concrete #cult compound that we have today. This is an eyesore, a disaster, a #catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus up #QueenWest at #Ossington it's a compound for poster people and cultists and brain scientists like and including Dr #Ratbrain Sean Hill who'd like not so much to help us as replace us with #artificialintelligence and who'd make Dr Strangelove look like Albert Schweitzer. Of course this is no mean #betrayal by those who freely exploit terms like #endstigma and remove #stigma mainly to remove US - from their #effing so-called #campus. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes.

lensold Today I thought I'd take a look at the #QueenWest #New #Berchtesgaden cum #Obersalzberg #CAMH CEO Catherine Zahn #boasts #THECOMPOUND of #NAZI #BrainDisease is finally a part of (or is that viceversa?). #Partoftheneighborhood?! #ALLofit as little #jimmyscott sings. Some #richbitch with frosted hair ran me over on her way to #GravityPope. When I asked her what she had against #streetphotography she spun around on her #wellheeled #fluevogs and called me #rude. I said that wasn't an answer and a lot she knew about #manners in the #streetsoftoronto #fuckingbitch from #CAMHFOUNDATION or the #UniversityofToronto or both probably. Looked a lot like #KathleenWynne.... All the #losers turn up here.... QueenWest #Ossington #Parkdale #Toronto PS As for the neighborhood - now they've ruined it CAMH can have it! PPS Regarding Zahn's BS, this garbage is all about money greed pretention and fakery - it's a lie in other words - which has everything to do with CAMH #Psychiatry - and nothing to do with #MentalHealth really - it isn't crazy! - It's just plain sick and stupid! At least I don't have to paint it....

.....What can I write about CAMH (SCAMH) that would do it justice? It's ethos is fascist, because it's run by psychiatrists whose ethics, with some minor adjustment for for the different historucal times, would not be inconsistent with NAZISM. In other words they demonstrably have none, onlky an empty will to power the copious propaganda forvwhich tells us absolutely NOTHING true about mental health, only how wonderful THEY are - which is a lie. They've never recognized that what they call mental illness is really a way of life, and the implications of thus failure are catastrophic and genocidal. Look at my neighborhood, Parkdale. This is one of the few places on earth where mad people have a positive political and cultural identity. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH / really SCAMH really developed in a client-centered way rather than into this current concrete cult compound that we have today. lensold Some are for it. Why they have to tear down posters, instead of putting up ones of their own, is a good question. Where we matter - as mad people. This is now being destroyed by developments which would not have impacted us so negatively had CAMH / really SCAMH really developed in a client-centered way rather than into this current concrete cult compound that we have today. This is an eyesore, a disaster, a catastrophe for the City and the country in general and a virtual genocide for mad people in particular. This isn't a campus it's a compound for poster people and cultists and brain scientists who'd make Dr Strangelove look like Albert Schweitzer. They've rebuilt the walls bigger better than ever. They are the tombstones of our hopes.

They're supposed to keep US from getting the boot, while unable even to protect themselves. Their intake treats us like cattle, their receptionist is bitch, their legal services are usually less the what you can easily find out for yourself on the internet, and their management are for the most part a bunch of #racebaitong #ambulancechasers from #yorku. They came slum it somewhere else, for call I care. #Effem!

. . . . neighbourhoods that gentrify are often populated by individuals who are avant-garde, like artists and designers, and the creativity that comes with boldness. That population is very open to having conversations with organizations like CAMH.

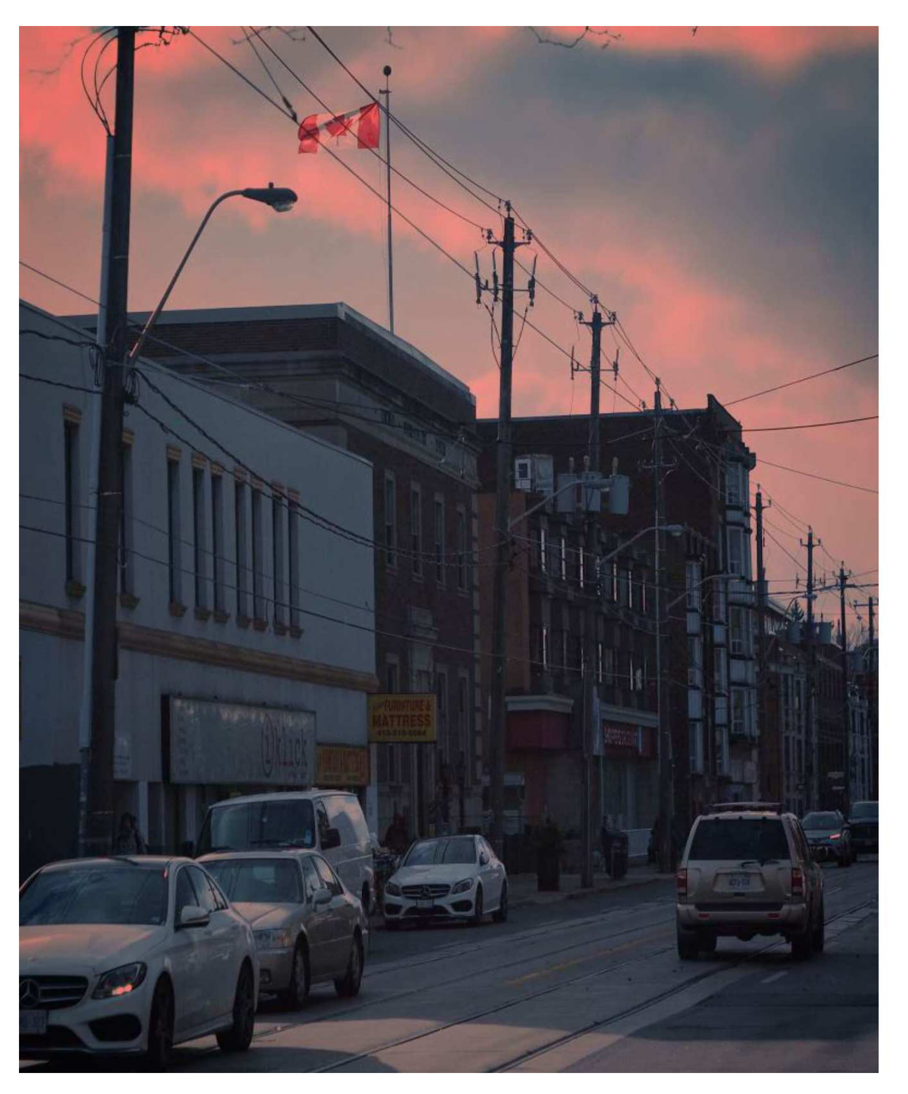

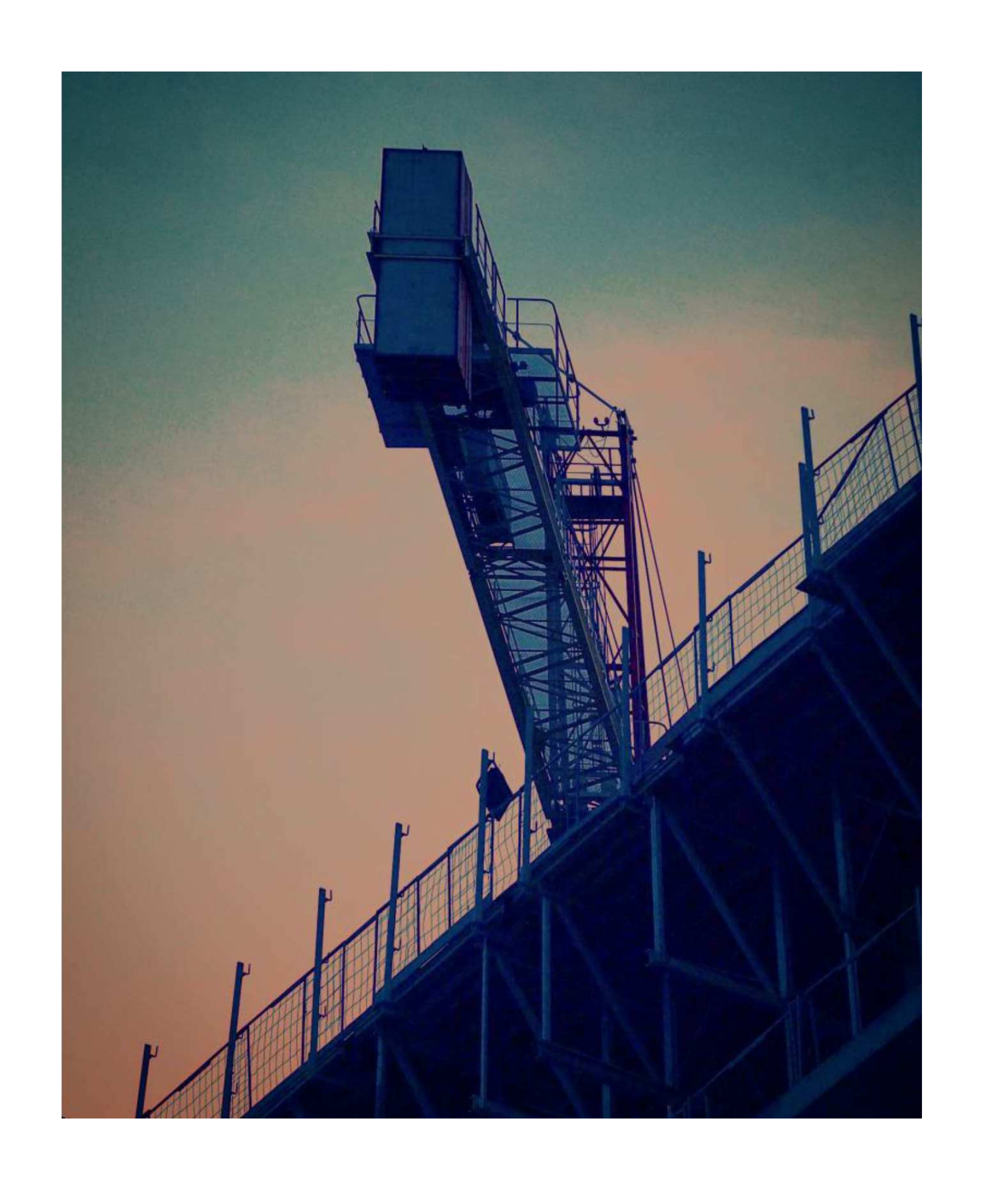

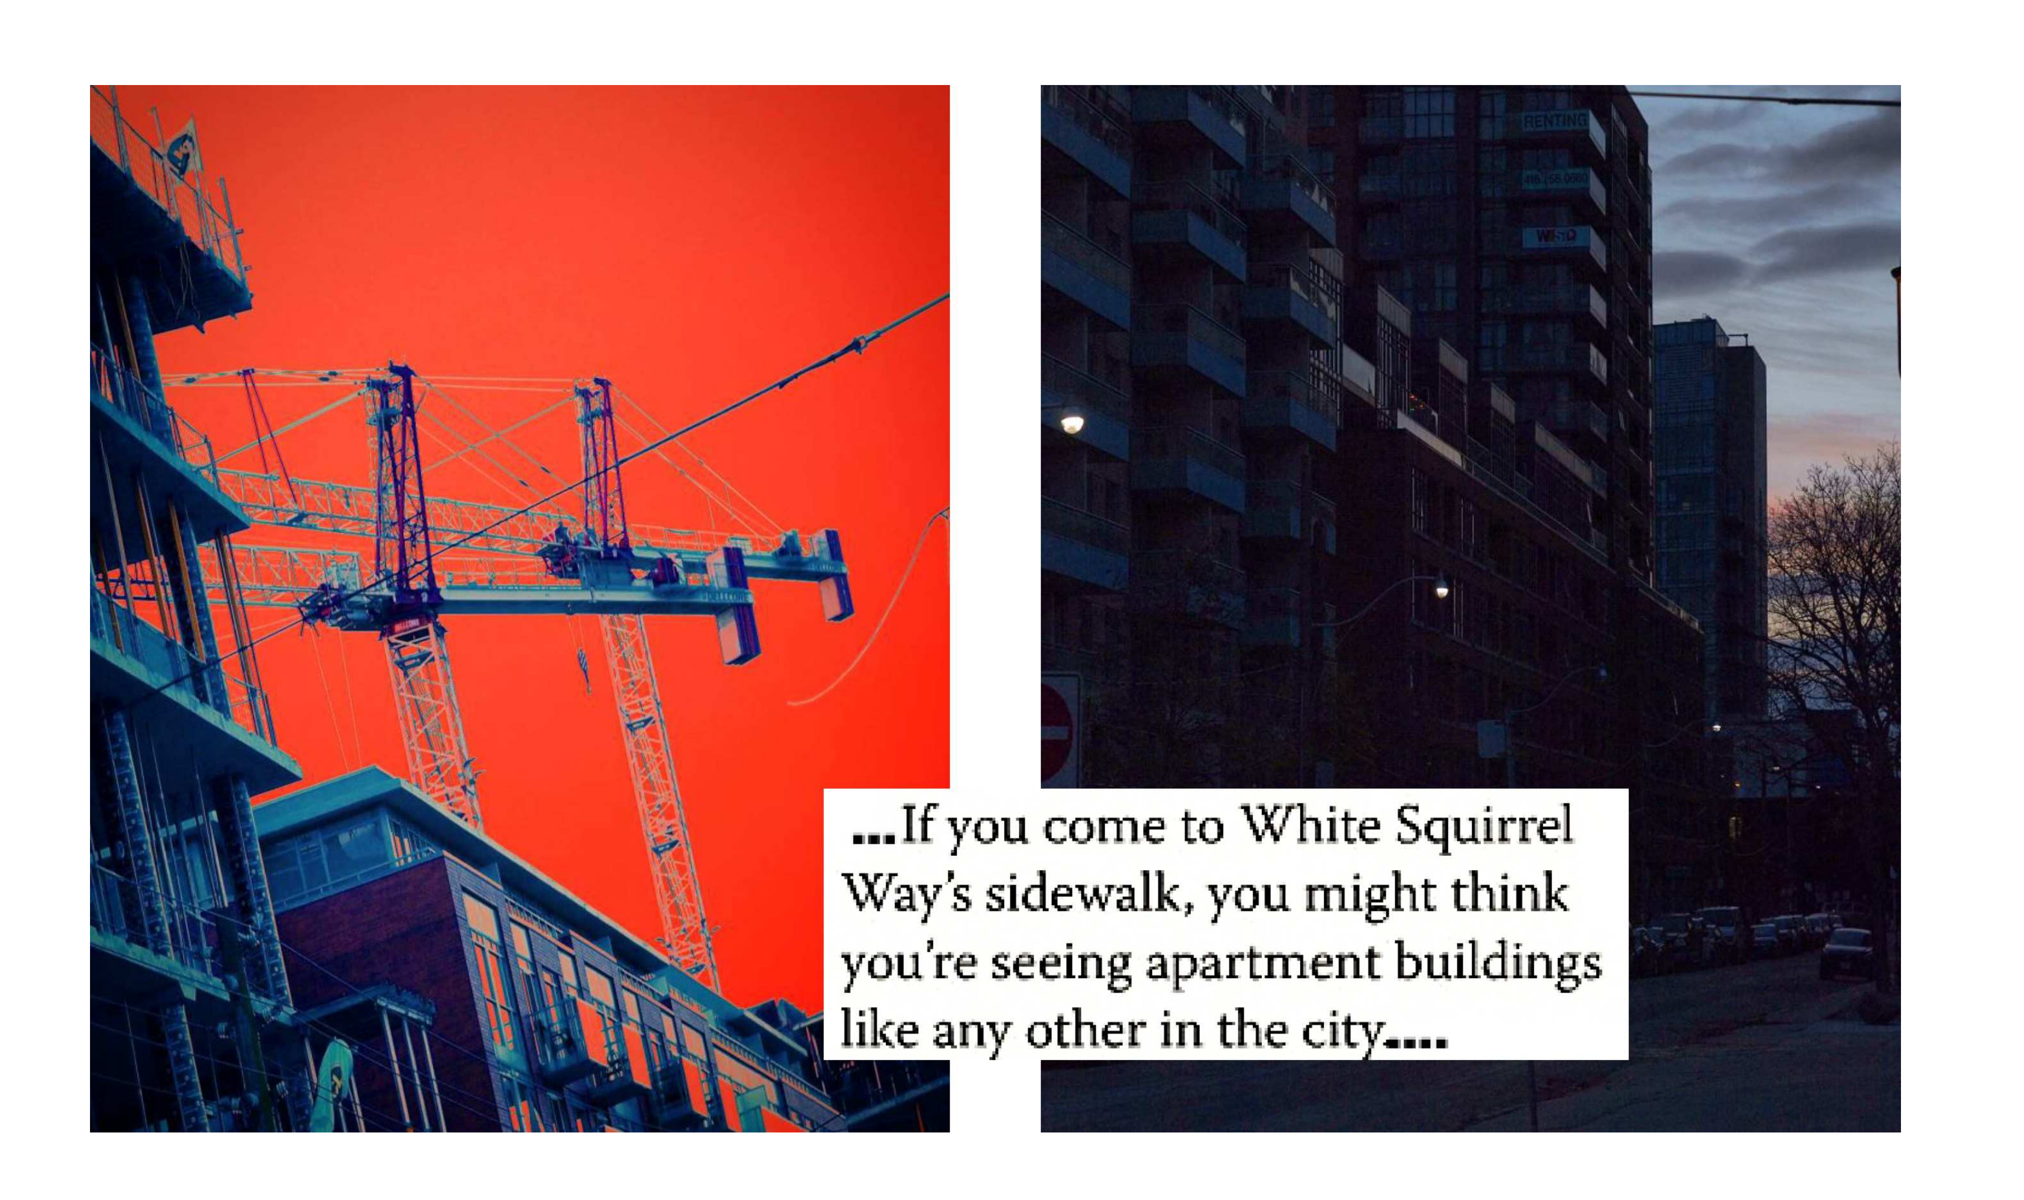

A 24/7 Emergency Department, a 300-seat auditorium, a unique 'therapeutic neighbourhood' for patients, and much more.

YOU'VE CHANGED

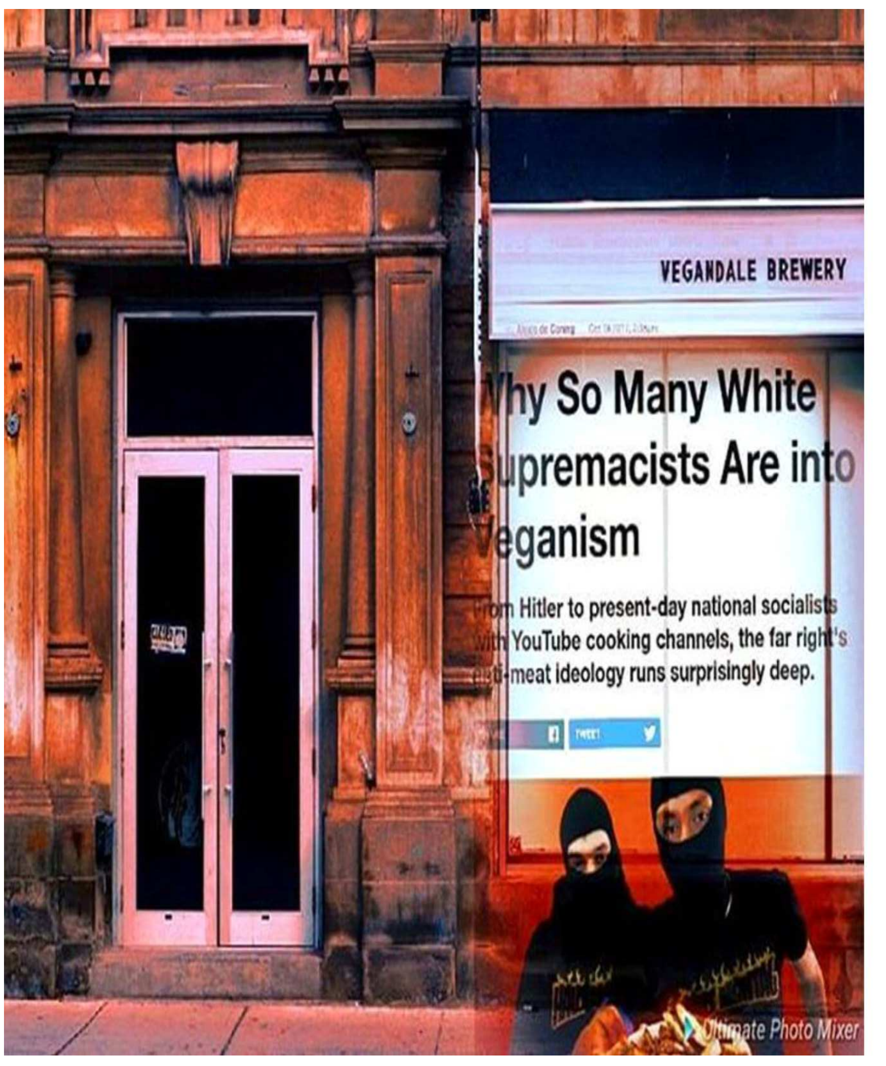

A new era of openness and innovation in brain-based illness....

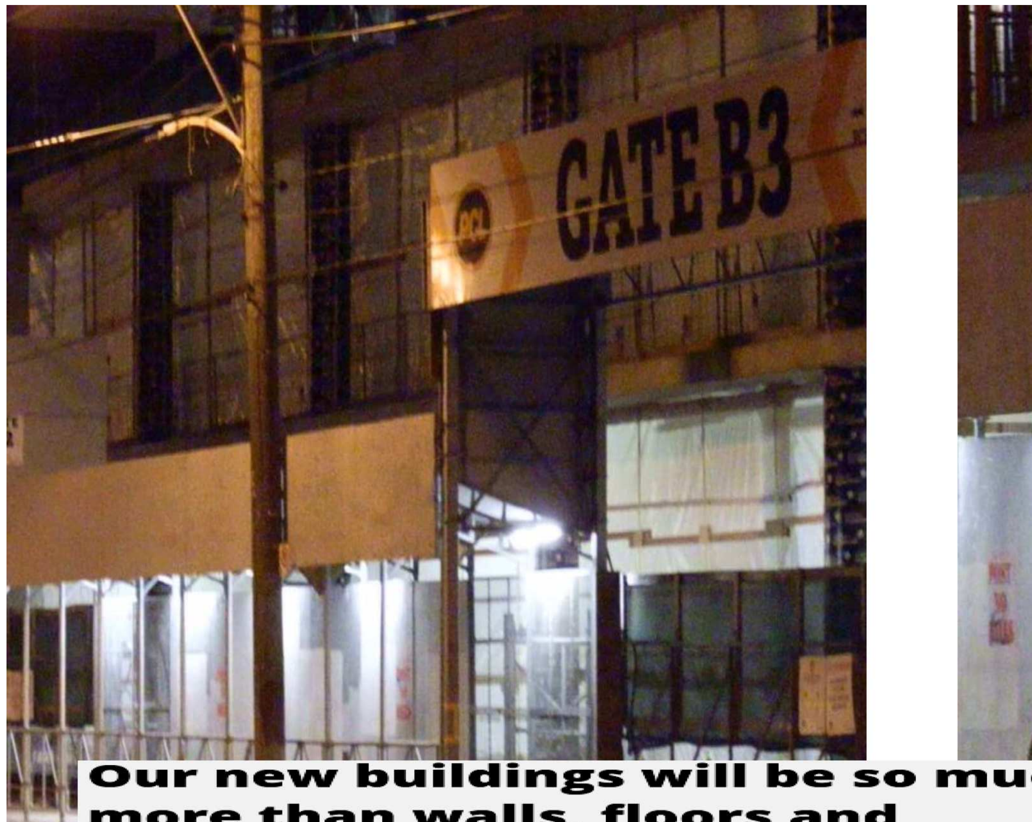

What IF?!
Prose Poem by $CAMH CEO Catherine Zahn
to the Economic Club of Canada
What if the 6.7 million Canadians with mental disorders were to rise up in protest about their year-long wait for a specialist appointment?
NOTHING! Because $CAMH won't hire more doctors and generally keeps shrinks on short contracts
What if the 600,000 Ontarians with depression were to go to the press because an effective treatment isn't covered by their healthcare system?
NOTHING! Because if she means rTMS (and she DOES) it's unscientific to say the least to call it effective and it probably doesn't even work.
What if the 10,000 people in Toronto who are on a waiting list for supportive housing were to descend on Nathan Phillips Square and stop traffic at Bay and Queen?
NOTHING! Or WORSE than nothing because #$CAMH partners with developers who get clients evicted except for photo ops.
What if the moms and dads who've lost 1,000 Canadian children to suicide were to march on the Hill – their grief on display for us all to see?
NOTHING! Suicide CANNOT be prevented - at least not by marching in the street and the public displays CAMH Foundation is so fond of.
SO What IF - we just threw the old witch out on her fat stigmatizing ASS?!

David Goldbloom is a charismatic and energetic psychiatrist who was, until last year, the physician-in-chief at CAMH. These days, he is spending a lot of his time in his new role as the centre's senior medical adviser of education and public affairs, meeting with the public to confront attitudes about mental illness. Change is in the air, he says....

I note the brain stimulation centre (such euphemistic language for money and power driven quackery (like and including rtms and ai, etc) the only real application for which is genocide) AND the commercial retail space - more unsustainable Gravity Pope garbage? For the #condo crowd? Did anybody notice we have a housing crisis and #homelessness is bad for mental health - and Gifts of Light doesnt help? Face it, CAMH #Psychiatry is one big arrogant sell-out and this is their #Babylon. Ours is the #streetsoftoronto #streetphotography. . . . . neighbourhoods that gentrify are often populated by individuals who are avant-garde, like artists and designers, and the creativity that comes with boldness. That population is very open to having conversations with organizations like CAMH.

How dare you talk about civil society and democracy when your librarian in Parkdale first welcomed my donated books for their local history section then rejected them because - "Catherine Zahn might not like them"?!

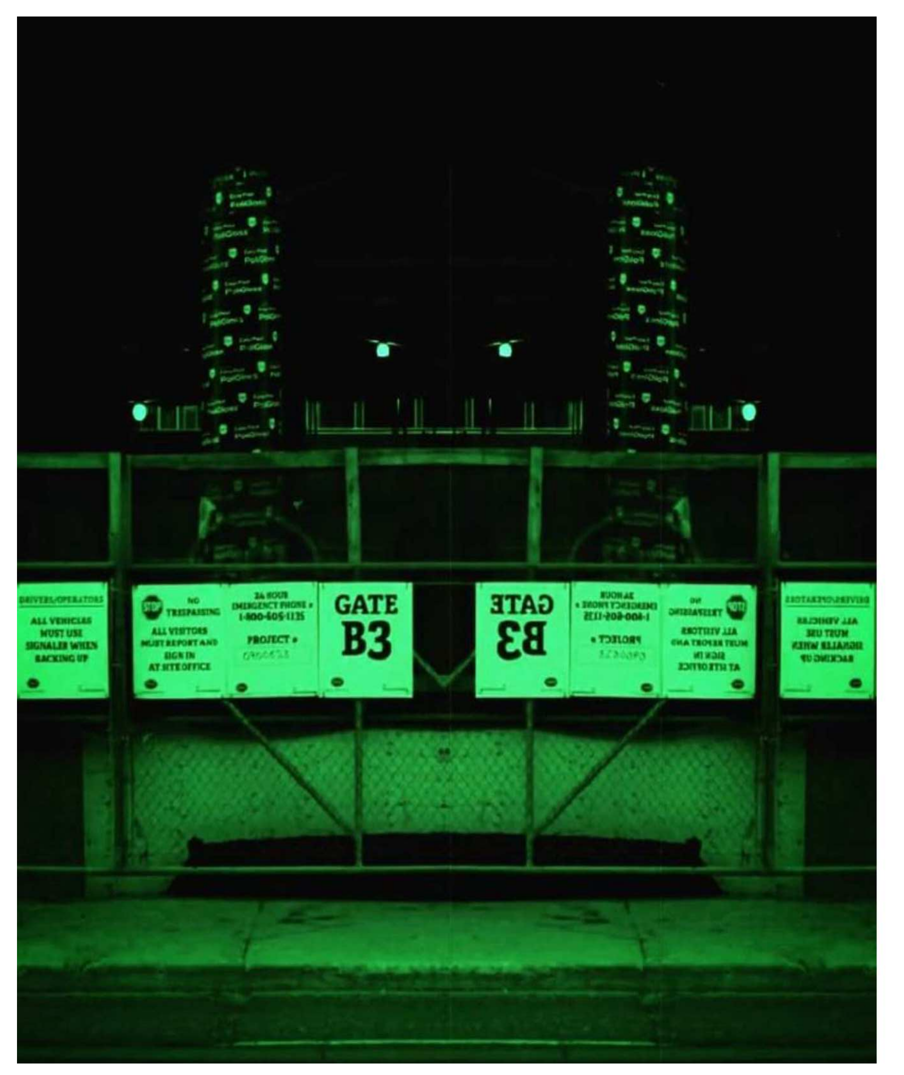

How dare you solicit donations too, then reject them for such cowardly reasons.

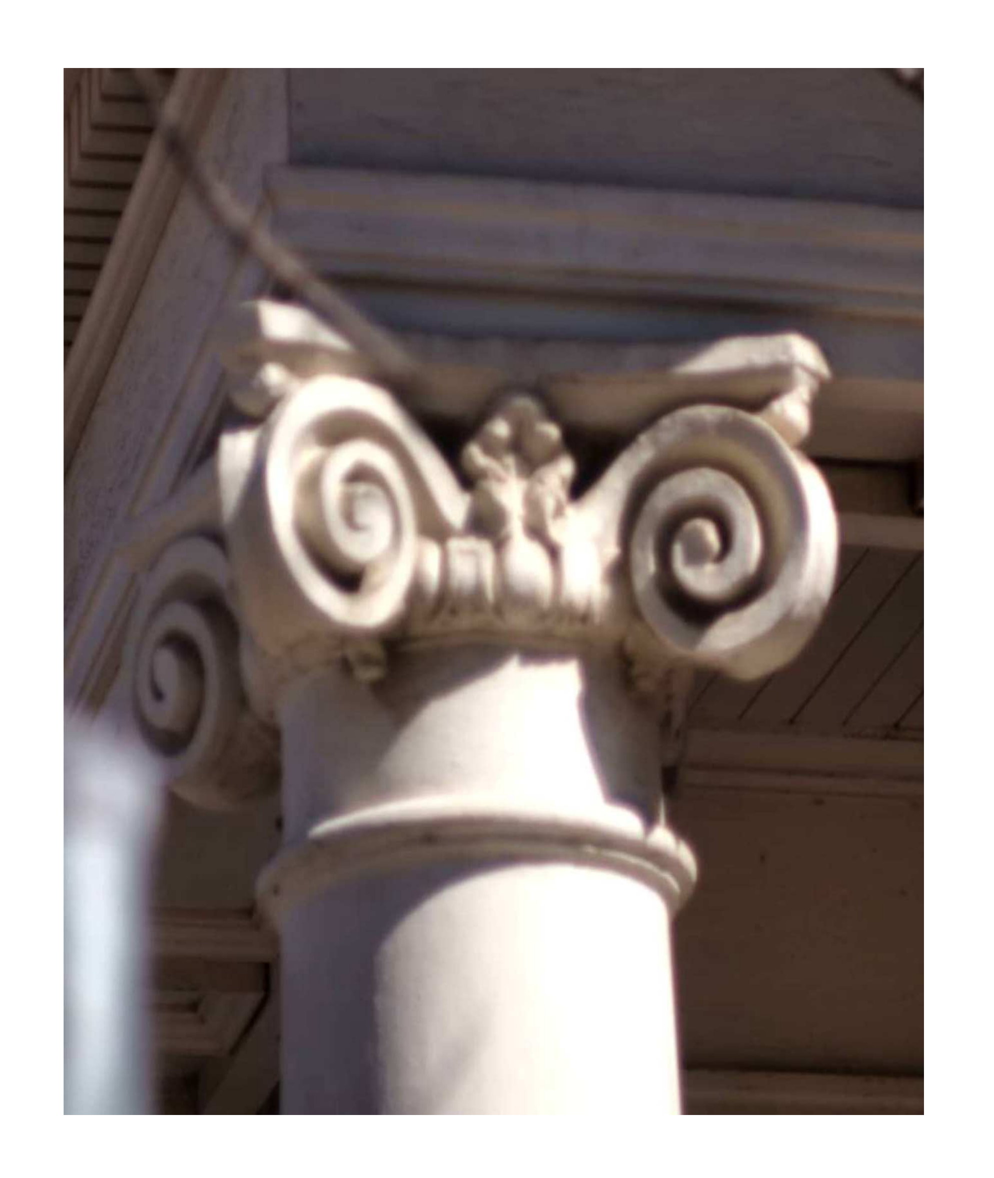

What's next? Book burnings?

You are pathetic.

...If you come to White Squirrel Way's sidewalk, you might think you're seeing apartment buildings like any other in the city....

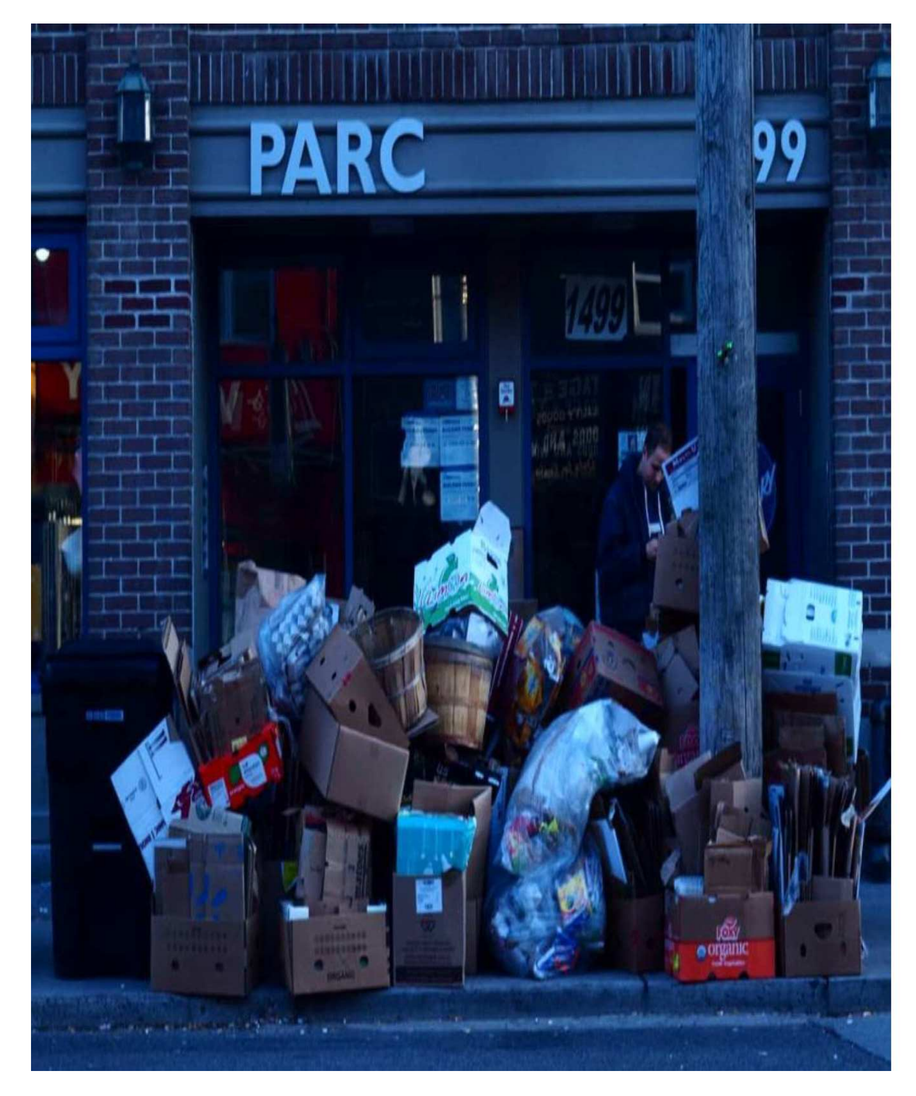

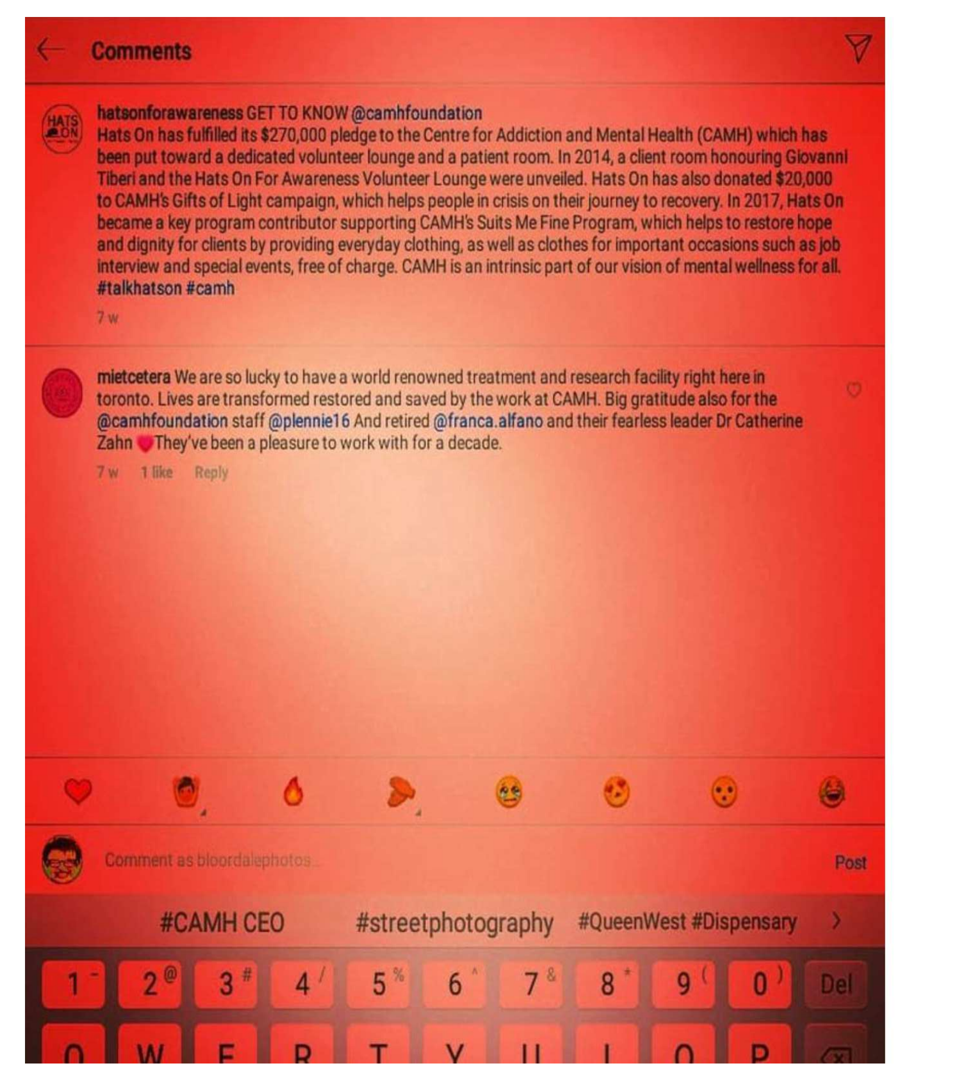

Our problem boils down to: The Banksters
can buy people with money they create out of thin air. Some people are willing to sell their soul for money. Some of these insiders must have "Enough(Zu)" soul left to compel them to spill the beans in exchange for their soul. If they don't want their soul back, it will be harder to believe this
The truth in Michel Tellinger's UBUNTU is unbelievable. That's why the Banksters are getting away with their lies. It becomes more believable when you find the same truth in Bruce H. Lipton's THE BIOLOGY OF BELIEF. It becomes still more believable by studying Lao Tzu's Tao Te Ching. Then you no longer have to believe the truth, then you will know it .PetersTao.org

hatsonforawareness GET TO KNOW @camhfoundation
Hats On has fulfilled its $270,000 pledge to the Centre for Addiction and Mental Health (CAMH) which has been put toward a dedicated volunteer lounge and a patient room. In 2014, a client room honouring Giovanni Tiberi and the Hats On For Awareness Volunteer Lounge were unveiled. Hats On has also donated $20,000 to CAMH's Gifts of Light campaign, which helps people in crisis on their journey to recovery. In 2017, Hats On became a key program contributor supporting CAMH's Suits Me Fine Program, which helps to restore hope and dignity for clients by providing everyday clothing, as well as clothes for important occasions such as job interview and special events, free of charge. CAMH is an intrinsic part of our vision of mental wellness for all. #talkhatson #camh

"Introducing a large amount of supportive/subsidized housing to camh's site would work against other important priorities such as reducing the stigma attached to 1001 Queen Street West and MAXIMIZING CAMH'S FINANCIAL RETURN FROM THE LEASE OF NON-CAMH LANDS." From $CAMH'S own PLANNING GUIDELINES!
Notice how the language of "removing stigma" is now used to justify REMOVING CLIENTS from the grounds. Aren't they saying, in effect, that CLIENTS HURT PROPERTY VALUES? What will they think of next? A new kind of "clientless" hospital? Now, that would be an innovation! A $CAMHospital! Any ROOMS FOR RENT, in Parkdale?
